Wilton asks for power for chief

by GLORIA DAVIS
Lakeland Newspapers

In a surprise move, Antioch Mayor Robert Wilton did what seems to be a 360 degree turnabout, and asked the board of trustees to put the official administration of the police department in the hands of the person holding the position of chief of police.

After a year of controversy, during which Wilton continually objected to the way

Antioch Police Chief Charles Miller was running his department, to the extent of trying to oust him from that position and taking applications for the position of chief, Wilton has asked for ordinance changes giving Miller sole power over his department.

Wilton said, "After getting outside opinions, I have reevaluated my position and have identified the best professional way to administrate the executive office of

the village."

Wilton then asked the board to approve changes in three village ordinances "to strengthen the ordinances themselves and the office of the chief."

The first change says that the chief will prescribe the rules and regulations for his department, answerable to the board of trustees.

The chief alone will be able to reprimand, or suspend a police department

employee without pay. A police department employee always has recourse before the board of police and fire.

The previous ordinance said that "the chief may prescribe the rules," etc., and had the chief answerable to the mayor and the board.

Wilton is asking the board to make setting police department policy the chief's job.

The mayor will still have the duty to vote and break a tie vote by the board in action taken towards all village agencies, including the police department.

When asking for the next change, Wilton said he was trying to eliminate duplication of duties as prescribed by the present ordinances that gave the same power and duty to both the village administrator and the chief.

"The taxpayers of Antioch should not be paying tax dollars to have someone outside the office of chief make decisions he is being paid to make," said Wilton.

Wilton asked that the ordinance governing the consolidation of administrative offices by the village administrator exclude the police department, giving the chief complete power and taking any authority over the police department away from the village administrator's office.

Wilton also asked that the ordinance giving the authority to enforce village laws and ordinances to both the village administrator and the chief be changed, giving that authority to the chief of police alone "because all members of that department are duly sworn officers of the law."

Wilton added, "I am now convinced the chief must have the authority to make (Continued on Page 7)

ANTIOCH TOWNSHIP ASSESSMENT ROLL FOR 1990

The quadrennial assessment roll by the Township Assessor of Antioch Township, as certified by the Lake County Supervisor of Assessments, appears in this issue of the Antioch News Reporter. All property owners in Antioch Township should make it a point to check the amount of their assessments.

Any property owner who objects to the amount of their assessment should file a complaint in writing, on the prescribed form, with the Board of Review, 18 North County Street, Room 603, Waukegan, IL 60085-4339. Property owners will have 30 (thirty) days from the date of publication within which to file a complaint regarding their assessment.

Mother fears for son stationed in Saudi Arabia

by PAT CHRISTENSEN
Lakeland Newspapers

"I pass out the yellow ribbons," said Mayor Sandra Morris. "Anytime anyone asks what it is, I offer them a ribbon and ask them to wear it in support of the guys over there."

"Over there," is the Middle East where American servicemen are stationed. Yellow ribbons have come to mean a sign of support for the troops.

Airman David R. Morris

Sandra Morris is the mayor of Round Lake Heights, but she is also a very concerned mother of a 22-year-old serviceman stationed in Saudi Arabia.

David R. Morris joined the Air Force a year and a half ago. "I was very proud of him," Morris remembered. "That was something he had always wanted to do, and of course there was no situation in the Middle East when he joined. We come from a long line of service people, so it didn't scare me."

Is she still so nonchalant? "Part of me is very proud that he's there. The other part is the mother, and I'm very, very worried. About a month ago, they were showing the gas masks they wore over there, and I keep thinking, 'will it work?' How could they even think of dropping gas?"

"But if Hussein could gas his own people, then he would use it on ours, and that's the really scary thing, because gas is an intangible object. You can't see pictures of it, like you can the pictures of the guns. I don't know how it comes or what it looks like."

But Morris does understand what the effects of gas can be. "My grandfather was gassed in World War I, and he suffered until the day he died from the effects of the mustard gas on his skin. My grandfather would have skin eruptions and lesions on his skin. That's why it sticks

in my mind. It's terrifying to see those guys in those masks."

Morris said she hears from her son, who is an airman first class working in ammunitions. He has the use of her credit card, now, to make long-distance calls home every so often.

The calls home are made from a pay phone in Saudi Arabia, although Morris doesn't know from exactly where. "I don't know how he does it, I just pay the bill. But it's worth it. When you're worried you start thinking 'this may be the last call.' I try to put it out of my mind, but it's still there."

"He called me a couple of weeks ago, on a Saturday, disappointed because he was told he had a 90-day rotation. He should have been leaving this weekend to be home for Christmas, but he told me he wouldn't be home until January."

"I'd already read in the papers that they're not going to rotate the troops. I didn't have the heart to tell him. The only ones rotated are the reservists. Anybody deployed there now will be there for the duration."

"In the beginning," Morris recalled, "I was writing to him daily. I'm down now to probably three times a week. My husband writes just about once a week. I send a lot of funny cards to him, something silly. Whenever I'm out, I try to look for cards like that."

Morris' situation is unique, because she also has a sister-in-law stationed in the Middle East as well.

Staff Sgt. Cindy Morris is stationed at the Kuwait border. "She is a medic, she sets up M.A.S.H. (Mobile Army Surgical Hospital) units. My son and she have not seen each other. They're quite a distance apart, and travel is limited, but they write. They share news from home, their hopes, their fears. They're just trying to keep in touch and to maintain a sense of family in that Godforsaken place."

Cindy Morris is also married to a career army officer who is stationed at Ft. Knox, Ky. "This is the first time in their military career that they have not been stationed together. This Christmas will be their 13th wedding anniversary, so I guess it's going to be a hard Christmas for them."

Morris said her husband is going through the same hell she is. "My husband is very supportive, but I'm sure he gets tired of my crying. Men don't cry like women. My husband was in the Navy during Vietnam, so he understands the military aspect, from being in service and having his brother and son in it now. He is my rock."

"But, losing David," she adds softly, "David not coming home, I think about that. I don't know what I'd do if I lost my son."

Highway department prepares for winter

by KATIE KUEHNER
Lakeland Newspapers

The Antioch Twp. Hwy. Dept. has received 450 tons of rock salt and will be mixing it with sand to cover the roads when it snows, according to Hwy. Comm. Mark Ring.

"By adding sand, we're trying to be cost conscious as well as environmentally conscious," Ring said.

He said that Highway Ice Control salt costs \$22.16 per ton, while Bird's Eye sand averages \$3.25 per ton. The department is planning on mixing the salt with the sand three parts to one part.

"The mixture is just as effective as pure salt (for motorists' safety)," Ring said. He added that most highway departments use just salt.

Ring said that the mixture is also better environmentally. "Without a doubt. A good portion will run off into the Chain O' Lakes. The less salt (we use), the better off the ecosystem of the lakes will be."

The commissioner said that the department has also replaced one of the dump trucks in their fleet with a 1991

GMC two and a half ton truck with plows and sanders. This truck is diesel-powered and according to Ring will perform better than the truck replaced. That truck, a 1978 GMC dump truck, was gas-powered.

"We have six trucks, four being diesel-powered," he said. "Next year we want to trade-in our 1975 gas-powered truck for another diesel. Later we'll trade the last remaining gas-powered truck we have. That truck is a 1981 GMC." The gas-powered vehicles are the two oldest trucks the departments have.

The department also has an Austin-Western grader with a front plow and a wing. The wing is used to push drifting snow when there are blizzard conditions or when the now is just blowing. "We haven't needed the wing in several years, but you never know," Ring said.

When asked if the department is adequately prepared for winter weather, Ring replied, "We believe so, but breakdowns can always happen. We always have to think about them." He then added that he generally feels confident about the department's capabilities for the upcoming season.

Little requests change in environmental group

by GLORIA DAVIS
Lakeland Newspapers

The Antioch Village Board is still considering contracting with one waste hauler for the entire village.

The board continues to look at the contract for garbage removal and the recycling program being handled in Lindenhurst by Jensen Disposal for \$28 per customer every three months.

In Lindenhurst, Jensen does not handle yard waste, but the company is capable of such handling if required to do so.

Al Little, head of the village environmental committee asked the village board for a restructuring of that committee and also for a setting of new goals and priorities.

Little listed some of the accomplishments of the committee: the closing of the HOD Landfill; work on the Traco site; the creation of the tree ordinance and recycling to date.

Little said that the present 15 to 18 members of the environmental committee was a hard number of people to work with. He suggested a committee the size of the zoning and village boards with six members and a chairman.

Little also asked the board for some future priorities for the committee to pursue.

The board listened to Little's requests, made some suggestions, but took no official action on them.

Mayor Robert Wilton said that it was essential that the village have an active environmental committee.

Members of the board agreed that wetlands protection, litter control, and an alternative water supply were important matters for the committee to handle.

Trustees Don Amundsen and Mabel Lou

Weber were interested in having new businesses have to have some kind of registration before moving into town.

Amundsen suggested having the committee look at a new business' product in the interest of air, noise pollution, etc., before allowing the business to open.

In other business:

— members of the audience questioned the request made by DiMarco's Restaurant for a new liquor license, making it the ninth in the village. A public hearing on the license request will be held. No date has been set.

— the board approved two additional building permits for Pine Hill Lakes and also two permits for the completion of lots already started.

— the board announced that the opening of bids for the construction of the stop and go lights at Orchard and Main Sts. will be held at 2:30 p.m., on Jan. 17, 1991.

— the board authorized the payments of \$36,630 to Lori Construction as partial payment for the painting of the water tower.

awarded the Windsor Dr. watermain bid to Campanella and Sons for \$93,880 and the treatment plant repair bid to Diemer Plumbing in the amount of \$74,215.

Committee sought

Antioch Community High School Board Pres. Glen Moore said the committee to campaign for the new high school referendum is still seeking members. The committee will be headed by Jim Hintz of Antioch and assisted by Janice McKoskey of Lindenhurst and Joyce Hennberry of Lake Villa. Those interested, call the high school at (708) 395-1421.

Outstanding seniors

From left, Garry Allen, ACHS superintendent; Helen J. Katris, outstanding citizen; Heidi Schmidke, outstanding senior girl; Chris Tointon, outstanding senior boy; Jane Abramson, senior class sponsor.

Antioch High honors outstanding students

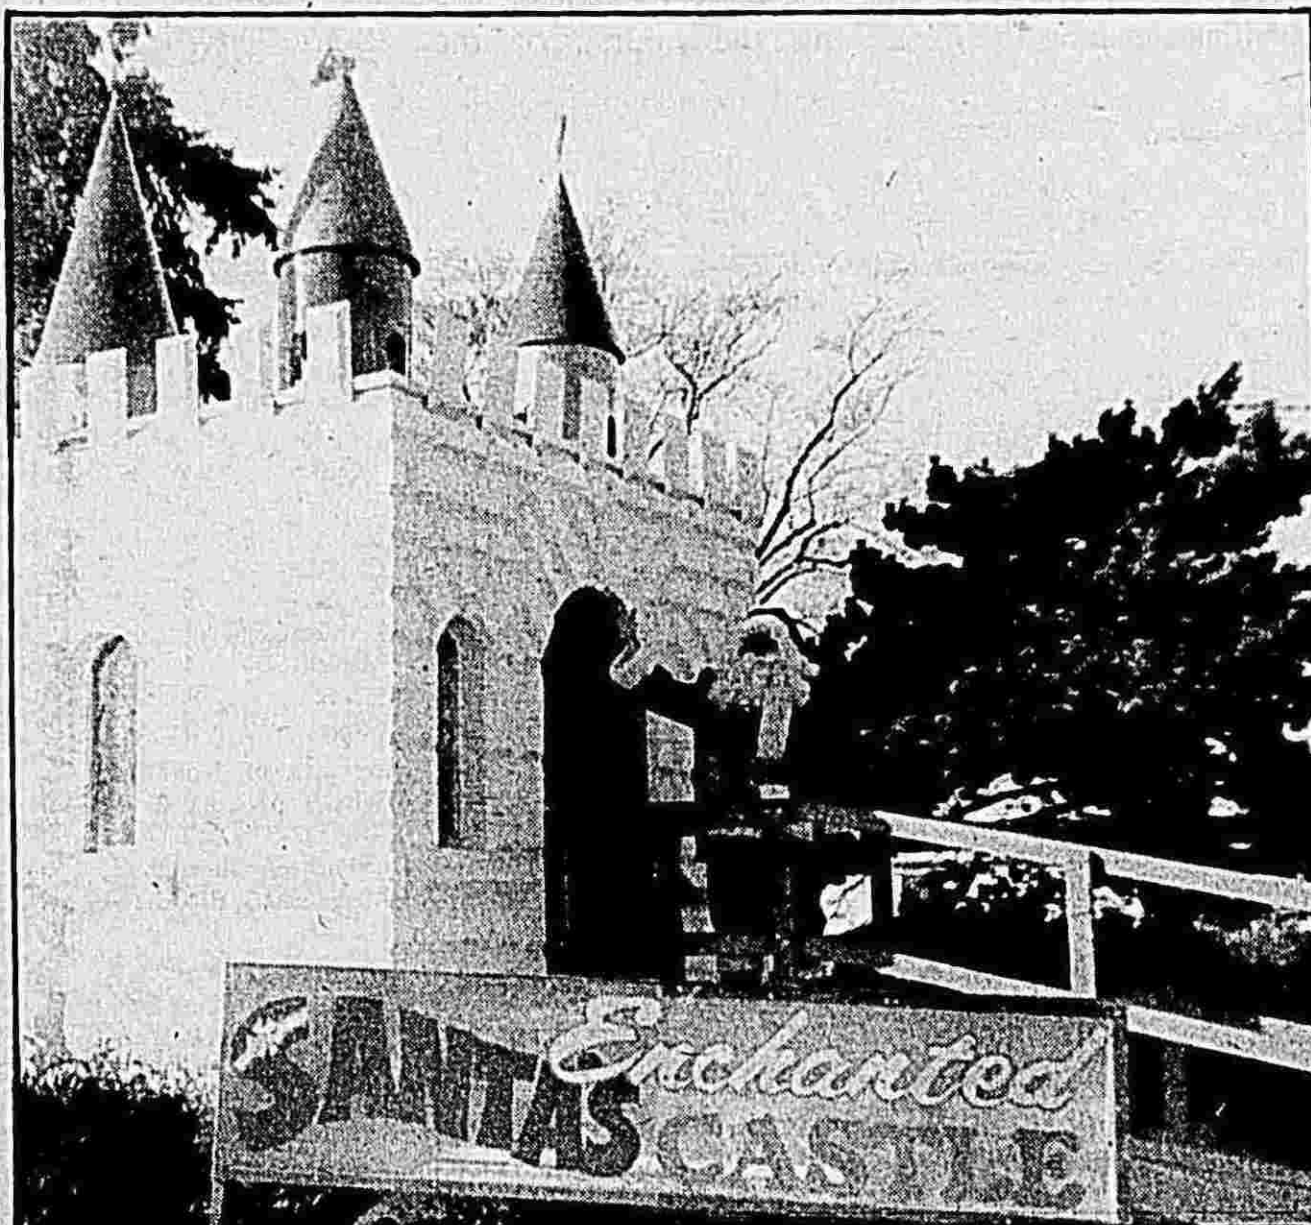

Helen J. Katris, Heidi Schmidke, and Chris Tointon have been chosen to represent the class of 1991 at Antioch Community High School as outstanding citizen, outstanding senior girl, and outstanding senior boy, respectively.

Helen J. Katris is the daughter of Mr. and Mrs. John Katris of Antioch. She has been active in class activities, serving as vice-president for the last three years, Student Council and Lifeguard. Heidi Schmidke, the daughter of Mr. and Mrs. Dieter Schmidke, Lindenhurst, has been active in sports, school and community activities. Chris Tointon is the son of Mr. and Mrs. Glenn Tointon of Antioch. He is active in sports, holds the position of

managing editor of the school newspaper, *The Tom-Tom*, and is in the school play. All were judged on the basis of their character, scholarship and service to the school and others.

The senior class executive board nominated the original groups of seniors who were then rated by the faculty. The entire senior class then voted from the top-rated three in each category.

The outstanding senior boy and girl will be honored at the Antioch Community High School Honors Night program in May by the Antioch Woman's Club. The outstanding citizen enters the DAR Good Citizen competition and will also receive honors in May.

Santa's coming!

The arrival of the Enchanted Castle marks the coming of Santa from the North Pole. Sponsored by the Antioch Chamber of Commerce, The Enchanted Castle features Santa and Mrs. Claus, who will gladly visit with anyone interested. For the younger set, the couple will also provide coloring books to tide them over until the big day. Drop by the castle on the corner of Orchard and Toft streets and see for yourself. — photo by Katie Kuehner.

The Lizard wishes happy Dec. birthdays

by LIZ SCHMEHL

Happy Birthday

Since it is almost December, I would like to start off by wishing the following people a very "Happy December Birthday." Mary Christine Boerman, Flip Smerz, Steven

so special for the students. Incidentally, black and white or colored pictures will be accepted.

Policy Revision

The November 13th Grass Lake School Board meeting was well attended. There was a lengthy discussion concerning the pros and

evening but Poor Jim's bad luck continued race after race. Finally, one of his picks won in the twelfth race and he also selected a big winner in the thirteenth and final race. This streak of luck in the end was advantageous as it did not present him with the opportunity to re-lose his money.

Curtain Call

"Arsenic and Old Lace" is the current box office hit at the PM&L Theatre in Antioch. This play by John Kesselbring is a comedy mixed with a bit of mystery. The remaining show dates are Nov. 30, Dec. 1, 7 and 8 at 8 p.m. and Dec. 2 and 9 at 2:30 p.m. Seating is limited, so please make reservations by calling (708)395-3055.

Breakfast with Santa

The Grass Lake School PTO breakfast with Santa and Craft Show will be held in the gymnasium on Sunday, Dec. 9, from 9 a.m. to 1 p.m. A delicious breakfast of pancakes, sausage, juice and coffee will be available and Santa will be on hand to visit with the little ones. About fifteen local arts and crafters will be on hand in order to help you with your Christmas shopping. The chairperson of this function is Pam Cardis and she tells me there will be some added surprise attractions on hand that day. So circle Dec. 9 on your calendars and stop in for a good breakfast, convenient shopping, and a lot of friendly conversation.

Give me Tidbits

As you notice the column is a bit skimpy this week. Now I know you have all been busy with holiday plans, but no excuses! How about putting "A Tidbit for the Lizard" on your Christmas list? I'll be waiting to hear from you. Till then, "Don't Worry/Be Happy!"

Calling photographers

This is a special plea to the parents, scout leaders, students, staff members, and community members of Grass Lake School. The 1990-91 yearbook committee urges anyone who has a camera in hand when involved in a particular function of the school to utilize their camera to the fullest and in turn submit copies of the pictures to the committee for possible incorporation into the yearbook. As a result of a recent student survey the committee conducted concerning the yearbook, it was quite evident the children enjoy having a yearbook made available to them. One of the things they enjoyed the most about the book was hunting for not only their own pictures, but also the pictures of their friends. The yearbook staff and helpers are working very hard to produce a variety of pictures in order to continue making the book

cons of a proposed revision to the Smoking Prohibition Policy #550.70. When Ardeen Harris, president pro tem, called for the vote concerning the issue, it passed with a four to two majority vote count. Other items on the agenda were the approval of the resolution for the Amendments to NIHIP, a review of policy numbers 415:04 (operational services/fiscal management), and policy #236 (concerning school Board legal council), and the approval of the estimated tax levy for 1990. The next scheduled meeting of the School Board is Tuesday, Dec. 11 at 7 p.m.

And They're Off

On Wednesday, Nov. 14, my three daughters, Donna, Barb and Karen and my Son, Jim Jr., went "To the Dogs" at Dairyland Greyhound Race Track in Kenosha. The occasion for this family outing was to celebrate Karen's twenty-first birthday, and celebrate it we did! The evening started with dinner at "The Taste of Wisconsin" restaurant on Highway 50 near the outlet mall and ended with the excitement at Dairyland. The girls and I picked several winners during the course of the

Village looks into one waste hauler

The village is looking into contracting for just one garbage hauler for Antioch. At the Board of Trustees meeting, Trustee Ed Kozirowski said that he had received a sample bid package from Lindenhurst and that it seemed excellent to adopted for Antioch. The board members decided to review the package before discussing what they will do at their next meeting.

According to village Adm. Tim Wells, having one hauler for the village would lower the rate for the individual resident.

Additionally, garbage pick-up times would be more uniform and the hauler can take care of regular waste, recyclable materials and yard waste all in one pick-up.

"This would also help to alleviate residents from throwing their garbage into business dumpsters, causing extra costs for the village's merchants," Trustee Larry Hanson said.

Currently, the village contracts three haulers to pick up waste.

Exchange Club offers engravers for protection

To protect your valuables such as VCR, television, camera, radio, stereo, gun, tools, etc., engrave them with your driver's license number. It has been proven that engraving personal belongings helps stop the sale of stolen goods. Upon recovery, you would be able to identify your items.

The Exchange Club of Antioch, in participating in the National Crime Prevention Program, has purchased engravers for public use. These engravers are available at the Antioch Quick Print at 907 Main St. Store hours are Monday through

Friday, 8:30 a.m. to 5 p.m. and Saturday 9 a.m. to noon. Stickers are available for your window, indicating that all property is marked and can be traced. A \$10 deposit is required and will be refunded upon return of the engraver.

The Exchange Club of Antioch sponsors many programs for the community and welcomes all to take advantage of this one before you become a victim of crime.

For more information about the Exchange Club, join them for breakfast any

Tuesday morning from 7:15 to 8:15 a.m. at Struggles Restaurant in Antioch.

Engagement

Cleven-May

Kathy L. May and John R. Cleven both of Waukegan, were married Oct. 6 at St. Patrick Church in Wadsworth. Father Jim Ray officiated the ceremony.

The bride is the daughter of Mr. and Mrs. Robert L. May of Antioch. She attended the International Academy of Fashion Merchandising in Chicago and earned an associate's degree. She is employed by Carson Pirie Scott in Vernon Hills.

The groom is the son of Mr. and Mrs. Robert Cleven of DePere, Wis. He is employed by Commonwealth Edison in Northbrook.

Natalie Minovilovich was the maid of honor. Bridesmaids were Michelle May, Kris Frislay, Karen Hutichson, Anne Marie White. Amy Ronerty was the flower girl.

Bruce Tomei was the best man. Groomsmen were Steve Wyman, Greg May, Mark Lux and Ed Tabor.

A reception for the newly wed couple

was held at the Lindenhurst Men's Club.

Parks and Recreation may have priority list

by KATIE KUEHNER
Lakeland Newspapers

Antioch villagers may be able to have priority over township residents when registering for the village's parks and recreation department programs.

The issue of priority lists for program registration will be discussed at the upcoming board meeting of the department, scheduled for Dec. 12.

"If the waiting lists are really long, the villagers should get first priority," said Theresa Kovach, director of the

department. "We're funded by their taxes, so they should be considered first."

Antioch Trustee Edward Koziorowski agreed. At the village board's last meeting he said, "The park district (on Nov.'s referendum) would have included the township residents as well. But it failed, so the village taxpayers should be first priority."

The parks and recreation department board members invited Twp. Supv. Jim Fields to the Dec. 12 meeting to discuss the proposed priority list policy.

Additionally, the board will ask Fields if the township could contribute any funds that would enhance the department. According to Kovach, a significant number of township residents outside the village utilize the department's programs.

"We understand the township has a limited budget, but it's given in the past," Board Pres. Bruce Bartos said.

"We're waiting to learn how many township residents participate in the (department's) programs and how much more money the department needs because of that," Fields said.

Kovach said at the Dec. 12 meeting, the board members will calculate how much funds are actually needed from the township to cover the township residents who utilize the village's parks and recreation department.

Currently, the department lists a budget for approximately 35 acres of parks, \$124,100; programs, \$35,500; and the pool, \$71,000. The latest population guestimate of Antioch was 6,100.

assignments and police department decisions, making him the administrator leader and manager and decision-maker of his department since he is the third highest salaried village employee.

After what might be described as stunned or puzzled silence, Trustee Larry Hanson, who is also on the police committee, said he was willing to go along with these changes since "he's doing what the people have been asking for" giving the police chief power to run his department.

The rest of the trustees asked to table Wilton's requests until they could consider them further and Miller also asked to be able to take a better look at the ordinance changes.

After the meeting, Wilton said that he was surprised that he got no questions or disagreements to his proposals.

Public service consul helps village grow

by KATIE KUEHNER
Lakeland Newspapers

Members of the Antioch Redevelopment Committee, the Chamber of Commerce and village officials are excited about the economic future of Antioch. Part of their enthusiasm stems from the liaison efforts of Peg Ransom, the village's public service consultant.

Ransom was retained by the village last June to act as facilitator for local businesses, organizations and residents to both maintain the village's high quality of life and to improve the village as growth increases.

"She helps other people (in Antioch) plan for the future," said Jack Thelen, president of the Chamber of Commerce. "She asks the right kinds of questions that generate ideas and she makes suggestions that would help forge the directions where the villagers want to go."

Ransom's priorities as the village's consultant are to offer concepts to improve the appearance of downtown and to suggest and implement unified marketing and merchandising programs.

Such programs would include consolidated advertising, themes, events, and common hours in order to increase the volume of shoppers in the Tax Increment Financing (TIF) district.

The TIF district is that which is defined by state statute parameters to have its sales taxes and property taxes frozen for 23 years (beginning in 1984) so that any increase in sales revenue would automatically return directly to the district. The concept was devised to help the downtown areas of targeted villages compete with the area malls.

Ransom is also charged to encourage multi-organizational cooperation and communication between the merchants, the chamber, the village administration, civic and social groups. Through increased interaction between these entities, she can help to consolidate efforts and identify problems, as well as solutions and opportunities.

"She's able to package action plans for us to help us realize our goals," said Don Skidmore, chairman of the Antioch Redevelopment Committee.

Another Christmas stroll through town with Russ

by RUSS FAIRCHILD
Lakeland Newspapers
'O Tannenbaum'

"Hello" rise n' shine, slip on your loafers and join this roving reporter on another early morning stroll through town. As usual the village lamp posts are gaily decked out, with the small trees enhancing them as I enter St. Peter's Church for Mass.

Father Bernard Duffy is officiating. Clara Kadera is the lector, while Jean Zak, musical director and vocalist calls for Number 63, "Amazing Grace."

In front right section sits Cele Jordan, Bernie Dost, Ted Koziol, Theresa Stapleton, jovial John Zak, Bob Kadera, Maria Skeybrys, and Chuck Toman. Joe and Doris Yeith, and Ruth Burke.

Glancing around you'll see faithful followers like Vi Werda, Ellen Flint, Judy Kozenski, President Council of Catholic Women, Pearl Roach, Bruno and Bernice Parker, Bill and Bobette Fitzgerald, Rudy Eckert, Bob and Ollie Hunt.

Popular Geraldine Ring with loving family members, Floyd Davis, organist Janette Pachay and vocalist Joe Yarc. Artist Thom Hannigan, and Polly, Ed and Dorothy Gromala, Tony Hornof, John "Ole" Olsen.

And just as you thought all was peaceful and serene, Jean Zak calls out for Number 59, "How Great Thou Art," and wakes up basso profundo vocalist Ed Caulfield, who causes his dear wife Lu to slide to the end of the pew! Father Costello passes by. Oh-oh.

However, all calms down with Number 11, "Immaculate Mary."

Father Hanley and the parish again were elated over the success of "Footlights 90." Credit goes out to not only the advertiser program book, but the individual sponsors, show people, actors, musicians, stage hands, and on and on infinitum.

Madalyn Winkler and family, Joann Vistain, Betty Letkey (rectory), Sister Mary Roche, Antioch Quick Pring, Claudette

Skvarce, Jean Zak, Ruth Burke, Lee McKinney, please read the program book, Amen.

"This was a huge team effort by everybody!"

Gert and Lee Ipsen of Village Cleaners wave to me, as does Jan Wilke of Spafford St., who looks wonderful after her transformation. Pure will power? No—Wilke power!

Lt. Gary Quedenfeld of Antioch Fire Dept. drives by. As does Jerry and Willie Smith on their way to McDonald's.

Sad Event

Back on Aug. 28 at 7:39 a.m., I was struck by a car on my way to Mass at St. Peter's Church. While I was lying on the street, a dear friend and parishioner, Ruth Burke, ran over to my side to aid and comfort me. (She also followed me to the hospital, as did Clara Kaders, and Helen and Jo Otulino) very dear friends.

Rescue Squad Paramedic 2nd Lt. Dave "B" Horton attended me on our ride into

Victory Memorial Hospital in Waukegan.

However, before departing Antioch, a comforting event happened, when Father Lawrence Hanley hurried over from church, entered the rear of the squad, and blessed me. Amen!

Before I go any further, let me make an attempt to thank all of you considerate folks who took the time to think of me by your visits, calls, cars, gifts and flowers.

I also sincerely appreciate every gesture you made, including the attention I received on my 80th birthday, Sunday, Oct. 14.

Also to the Catholic Charities c/o Theresa Running, and the senior center c/o Marcie Marcucci, etc., for their daily "Meals on Wheels," and the thoughtful delivery folks, like the Lew Straulin's, Roland, and Betty Sheehan, Vickie Obrycki, and the Parkers.

And to the kind thoughts and words of Liz Schmehl, "The Lizard."

PADS need volunteers

Lake County PADS (Public Action to Deliver Shelter) is looking for volunteers to work in one of 11 PADS shelters that are open for the 1990-91 season.

The PADS Shelter Sites are open 7 p.m. to 7 a.m. The shifts the volunteers are asked to work are: 6:30 p.m. to 11 p.m., 11 p.m. to 3 a.m. and 3 a.m. to 7 a.m. There is also a clean-up shift from 6 a.m. to 7 a.m. Our heaviest need for volunteers are the last two shifts from 11 p.m. to 7 a.m.

This will be the first training of the winter for new volunteers. This training will help prepare the volunteers for their

work within the PADS Shelters and help them understand the dynamics that are associated with homelessness.

The training schedule is at Millburn United Church of Christ, 19073 W. Grass Lake Rd., Lake Villa, Ill. 60046 (intersection of Grass Lake Rd. and Rte. 45), Sunday, Dec. 2, noon to 3 p.m.

The Lake County PADS is a program of Connection Telephone Crisis Intervention and Referral Service, a United Way Agency.

For more information call (708)362-3381.

Trains put magic under the tree

There's something magical about a train running around the base of a Christmas tree. An engine, a few rail cars, and a caboose, and suddenly you've created a world of enchantment. It's a world that recalls long family traditions and fond childhood memories.

The train-under-the-tree tradition began in the early 1900s with German tin metal sets powered by wind-up engines. A few trips around the tree and then it was time to wind up again.

In the '20s and '30s the first electric sets began to appear, and by the 1950s, it seemed as if every child either already had a train under the tree or desperately wished Santa would leave one there.

Interest in model trains began to decline during the '60s and '70s with the

appearance of car racing sets and electronic games. But by that time, many of the children who received trains in the '50s had already developed a love for model railroading as a hobby. Elaborate rail yard layouts have been filing basements

and spare bedrooms ever since.

Model trains are once again a Christmas favorite for the young (and the young at heart).

No matter what the gauge, if this is the year to put a train under your tree, by all means buy a bag of

cotton wool. It's amazing how quickly you can create a beautiful snowy scene. And when a child looks on with delight as a train travels round the tree, you'll know that a tradition has passed from one generation to the next.

At the crossroads

Lake County Board members with grave concerns about the environment and preservation of open space, look upon the vote for a new chairman Monday, Dec. 3, as crucial in the ongoing battle to maintain a balance between a rural heritage and rapid urbanization.

And well they might. The early 1980's surge for openness has been bruised badly in the past several elections, most notably in the 1989 township elections when Avon Township Supervisor Norman Geary and Libertyville Township Supervisor Mike Graham were ousted and the Republican primary this year when pro-growth advocates captured the GOP leadership and engineered the election of a group of sympathetic County Board candidates.

Party lines have been blurred over environmental issues and efforts to rein in

hell-bent development. Independent Republicans are at odds with party leadership and continually seek support from Democrats on the County Board. That has been their strategy in the past and that will be their strategy in electing a new chairman. Strangely, the Democrats have not picked up the cudgel for open space and preservation as a partisan issue. The backlash against the county GOP leadership as predicted by Graham never materialized, adding to the uncertainty which direction Lake County is headed.

Dist. 5 Rep. Carol Calabrese of Libertyville, who has expressed interest in the chairmanship, says environmentalists have 11 votes of the 13 needed to elect. The margin is close and the stakes are high. To be sure, Monday's vote will be pivotal.

Demo project needed

Nationally, home ownership is declining for the first time in 40 years. While that ominous statistic has yet to make itself evident in Lake County, dangerous signs indicate that affordable housing fast is eluding the reach of large segments of the local populace.

Police, firefighters, senior citizens, moderate income families, minorities and our children are finding it difficult, if not impossible, to find homes they can afford to buy where they work or prefer to live. The recently formed Lake County Task Force on Affordable Housing, just now getting down to business, was formed in the nick of time.

The Task Force already has identified some of the problems that are making our community and neighboring towns too expensive to build or buy homes. Sky rocketing land costs, unrealistic code requirements, and expensive tastes on the part of governmental officials are only a few of the factors making the American dream unattainable hereabouts.

The Task Force also has learned that it is unfair to put the burden on builders and developers for producing homes that middle and lower income families can afford. For one thing, it is common for municipal leaders to heap the cost of solving infrastructure problems—"the sins of the past"—on the building industry. We agree wholeheartedly.

At their last meeting, Task Force members were told flatly that smaller lots is the key to affordability. Whether the village fathers understand this concept or even appreciate the benefits of cluster housing, shared open space and other techniques for increasing density without sacrificing aesthetics or "liveability" remains to be seen. Without the doubt, the Task Force, organized by the Lake County Board, intends to do its best to acquaint local leaders with the pronouncement by Chairman Jeff Pickus, a prominent Lake County builder and

developer, that good design and higher density "go together."

Just as the Task Force came into being in the nick of time, it also is high time that village councils in Lake County start tailoring building and developing standards to need and not some uniform code adopted a decade or two ago that no longer applies in today's economy.

We like the Task Force's idea of spearheading a demonstration project to show officials and the citizenry alike that higher densities planned in park-like settings can result in the community atmosphere everyone agrees is the ideal. The demonstration project certainly would open some eyes and hopefully set the course for providing housing for families that now are looking elsewhere for places they can live and afford.

Are you ready? 'Big One' puts us on alert

by BILL SCHROEDER

A lot of folks living in this supposedly safe corner of northeastern Illinois aren't risking any chances on being taken by surprise by the "Big One." They're buying insurance policies like hotcakes.

The "Big One" is due, in case you haven't heard, to take place somewhere in southern Illinois or northeast Missouri on or about Dec. 3.

In this locality, depending on where you live, it's not a bad idea to insure yourself against some of nature's wrath like floods and tornadoes. But earthquakes? Well, yes. Earthquakes. That's the big one that's being talked about.

Reports are that an earthquake policy in Lake County is running from \$20 to \$70. Agents are writing the policies at a brisk pace. The theory is that the big one will be so severe that rumbles or tremors or whatever will result in damage here. I don't know.

Downstate, prudent citizens aren't about to argue with scientists or soothsayers or whoever watches earthquakes. The predicted 5.8 on the Richter isn't anything to sneeze at. You know something's up when friends with relatives in the impact zone mention that they've been contacted about keeping phone lines open for loved ones if the big one actually materializes.

Batten down!

LOS OF VOTES---Despite what you've heard about voter apathy, a great many Americans still take their voting responsibilities and rights seriously. They go to great effort to mark a ballot.

Letters To The Editor

Concern for open space

Editor:

I am truly concerned by the exploding pace of development, especially in the western part of the county. This is one of the most scenic areas in Illinois and it is so sad to see the landscape paved over with development. It is aesthetically super ugly.

In order to soften the affect of this development large portions of Lake County that are still in virgin state should be preserved for wildlife, recreation, water aquifer recharge and flood control purposes. I support the Lake County Forest Preserves aggressive land acquisitions of the last few years 100 percent. I even donated money!

To preserve your lifestyle and quality of life vote for candidates who reflect your environmental concerns even if it means switching to a party you ordinarily would never vote for. If we don't, the Rte. 53 extension and heavy over development of this area are a sure thing.

Politicians we have elected blindly for years because of party affiliation are selling off our rural tranquility and pleasant lifestyle out here to the highest building developer.

Bigger is not better.

Stuart Slavik

Consider Sunday elections

Editor:

The pitiful public participation in the recent general election should again cause concern for the elected leaders of our governments.

Some may say it is apathy towards government but in today's convenience-oriented society, I would suggest the reason may be the inconvenience of the Tuesday election date.

Most households today have two family

members or more who have to work in Tuesdays. The only ones who seem to be off work are the seniors who always have high participation in all elections and politicians who appear to never work except at election time.

I would like to propose general elections and all elections for either Saturdays or Sundays. It seems appropriated the serenity of the Sabbath would be th appropriate day for the voter to consider his responsibility towards his country.

Caregivers saluted

Editor:

During National Caregiver's Week, Nov. 18-24, we salute those special people who care for homebound family members. Their patience, hard work, caring and concern enable someone special to remain in the warmth and comfort of a loving home. In today's fast-paced world, this contribution of time and caring is especially vital. The Home Health Services program of the Lake County Health Dept. salutes all the caregivers.

Justice is waning

Editor:

Not in Lake County, not for Cynthia M. Alexander, a young bright African-American female defense attorney, who was graduated from the University of Iowa Law School thinking everyone had the right to hire a good defense attorney.

How dare her to have the nerve to come back to Lake County and challenge the great judiciary system and successfully defend persons of color accused of crimes?

What happened to Cynthia's day in court? The judiciary system which is supposed to uphold the Constitution of the United States—innocent until proven guilty—is denying this same right to Cynthia, her family, friends and associates. She was not just a good lawyer, she was a "Bad" defense attorney. Bad for the city, the state, and the federal law enforcement agencies. Her winning ways must be stopped, today, right now. I did not know her trail had ended or that she had pleaded guilty.

So why refrain her from practicing? The system tells convicted felons work with me and I will set you free. But they can't let a life-long Lake County resident earn a living until the end of her trail. I wonder what happened to justice in Lake County?

Better than burning

Editor:

Grayslake residents do not bag leaves, they burn them. If you are under the impression that this system of beating the bag is better than the old system of burning leaves, you are living in a delusion.

Why don't you look around and take note on who is beating who? I think you're beating the bag truck with its howling noise and its blowing dust is a disgrace to the residents of Grayslake!

Developer needs money

Editor:

The Round Lake Beach proposal to build a shopping center west of Omni really caught my attention. As a member of the Round Lake School Board I am very interested. I believe this would take care of two problems we as a school system face.

The first, being that the land within our district could now be used as commercial property as opposed to housing. The second, being the tax revenue (that we so desperately need) derived to help our cause. When I discussed this with the Beach Zoning Board, they said the developer needs \$5,000,000 from the village (Continued on next page)

Politically Speaking

by JOSEPH SOULAK
Lakeland Newspapers

TRAFFIC JAM—So many people want to be the next chairman of the Lake County Board even the players have trouble keeping track of each other.

To the casual observer Robert Depke, the newly-elected board member from Dist. 5, looks like a shoo-in. "Not so," says the man who is also Warren Twp. supervisor. Depke served as chairman from 1969-71 when he previously served on the board. It's a job he relishes and wants again. As of late this week he didn't quite have the 13 votes to pull it off. He and his pro-growth supporters had 10 to 12 votes in their corner.

Trying hard to get those votes is Carol Calabresa, the re-elected board member from Libertyville, also in Dist. 5. She is part of the open-space crowd where there are 11 members of the board who think the same way. However, she is one of the record 11 women members on the board. But they don't necessarily vote as a block.

The big unknown is the six-member Democratic contingent from Waukegan-North Chicago. They have vowed to vote as a unit, holding out for a promise or two from the next chairman.

Others being mentioned for the job of chairman are Donald Strenger of Lake Forest (Dist. 1), James Dolan of Libertyville (Dist. 5) and two women—Andrea Moore of Libertyville (Dist. 5) and Roberta O'Reilly of Long Grove (Dist. 6).

About this time in the race candidates begin circulating a commitment letter. As of now there is none. "Maybe it won't go around until Monday," Depke said of election-morning maneuvering.

LOVE AND POLITICS—Cupid struck again last weekend.

The arrow struck Shawn Depke, Warren Township Republican Party chairman.

He became engaged to Dana Sabonjian-Domerchie. In case you don't know your Sabonjian's, her father, Robert, is the retired long-time mayor of Waukegan. Those who know say this is an ideal political match.

WELCOME HOME—Long-time Round Lake Beach Mayor Carl Schrimpf was expected home late this week from the hospital.

He reportedly checked into Milwaukee's St. Luke's Presbyterian Hospital for angioplasty on Wednesday. This premier mid-west heart institution is the place everyone takes their troubled tickers.

Schrimpf's stay was not an extended one, meaning he could be back on the job next week, albeit at a slower pace.

POLITICAL TRASH—Before he left town Round Lake Beach Mayor Carl Schrimpf make some changes in his hand-picked slate for next spring's village elections.

First-term trustee Richard Matson was dumped. Taking his place is Andy Sanders, a member of the Round Lake Unit School District.

Why the musical chairs? Earlier this year Matson did a favor Robert Boness, who almost won the job of Round Lake Beach mayor last year. They and lots of others circulated petitions that forced the school district into a referendum for \$2-million-plus the district borrowed to pay teacher salaries.

Shrimpf and Sanders don't like "Baseball Bob" Boness' popularity and his ability to get things done.

ANOTHER BOO BOO—Big brother Pat Connors is watching. Who this time.

The Libertyville man who would rather file a complaint with the state Election Board than eat, did it again.

The latest target is the election committee of Dist. 5 County Board candidates Carol Calabresa and Donald Coulson. The Libertyville pair closed out their committee in July after Calabresa

Carol Calabresa

Robert Depke

won and Coulson didn't in last spring's election. That means they weren't going to spend any money on the fall election.

But apparently Calabresa did. That's what the complaint is all about. Yes, she was re-elected. It's now up to the board to decide.

NO NEWS—A friend of Pat Connors, Jack Martin, also of Libertyville, is waiting to hear from the same state Election Board on charges he filed last summer.

Named are Dist. 4 County Board members Suzi Schmidt of Lake Villa and Larry Leafblad of Highland Lake. Martin claims some money he gave the two for a 1988 County Board campaign was diverted to other uses. The two claim the money was for services Leafblad's advertising agency performed.

The long, drawn-out battle has cost both sides lots of legal bucks. Both claim they will be victorious. They say the long wait is simply the old adage at work: "No news is good news."

JUST CHECKING—Pat Connors and Jack Martin are taking more interest in county politics. Usually, they stick pretty close to home base in Libertyville.

Both were seen at the November County Board meeting. Only one attended the Forest Preserve Dist. meeting of the same body later in the week.

"I don't know why they were there," said observer. "Maybe it was to check up on their investments," I was told, knowing the two have supported various County Board candidates.

Letters

(Continued from preceding page)
to initiate the building of said shopping center.

All the other development of property along Rollins Rd. east of the old farm is in the Grayslake School district. Why can't we move the construction of the proposed shopping center to the west, (maybe on the 80 acres in the district) so all of the Round Lake Community can benefit? If this is not feasible, then ask Grayslake for the \$5,000,000 Mr. Mayor, since they will be the ones to benefit the most.

Citizen intimidated

Editor:

There has been a new entity added to the Fox Lake budget that confuses me. We now have an individual who patrols the streets of our village looking for violations to village ordinances, (possibly

a duplication of effort since we are supposed to have police patrols that should be performing that function). However, that is not the real issue.

The real issue is how this village employee goes about the enforcement of these very important ordinances. We have someone who in their zeal to justify the position has been observed peeking in windows and trespassing on private property time and time again. More than improving conditions in a village that is falling further behind the surrounding communities every day this action only alienates the majority.

Now you ask, "Why don't you report these actions to the proper authorities?" Well I did. The next response from our village elders was two warning tickets. One for the lack of a village sticker on a new vehicle only three days old and one for, now get this, "left wheels to curb." The facts are that there is no curb because we live in Fox Lake and second the right wheels were to this imaginary curb. Someone searched hard for that one.

Coincidence, I think not, a warning that I should be intimidated is more likely the truth. A warning that I should step back in line and not interrupt the harassment of a community or maybe I will be subject to more stringent actions. I can hardly wait to see the outcome of this letter. Probably a midnight visit by the rest of the brown shirts.

Among many other things that Sandy McKie and Lee Iaccoca have in common are a complete devotion and long-time connection to the Chrysler Corp.

Both of them come by their automotive expertise by way of this devotion, and today, McKie can see the results of years of this tried and true connection when he

used to be years ago, today people just pick the car they like best and then look for the best deal, when and wherever it can be found.

"Competition is keener, there's a lot of dealers out there trying to make money," he said.

As far as competition from the foreign car market, McKie laughs, "Those that distinguish between the American and

the tools or the expertise to correct the problem anyway."

"When we do the same job, it takes us half the time, so the cost is really less."

"Everybody in my department spends at least 1,000 hours per year keeping up with the latest technology," Johnson adds.

Bill McKie, Sandy's son, left his job in Houston Tex. as a branch sales manager for Honeywell Computers to seek his fortune back home back in 1974.

Bill's title is general manager, but his main job is "to keep the place running smoothly."

The used car lot is one of his departments.

"Because of the new nature of the

business, rebates, special deals, lowering interest rates, and the fact that it's sometimes easier to buy a new car, than a used one, business has dropped. So has the price a dealer will allow on trade ins," Bill said.

Here again, the days when a Chrysler dealer gave one a better trade-in on a Chrysler product is gone. All brands get equal treatment.

"A car that has more than 15,000 miles per year on it does not go on our lot," adds Bill.

So all three men are looking at this new ballgame, expecting to see a lot of homers in their future.

McKie — 'It used to be that selling cars was a long-time profession — young dealers interested in today's and not repeat business.'

looks at his large Chrysler-Plymouth-Dodge dealership on Hwy. 12 in Fox Lake.

McKie's automotive credentials are numerous and strong. It all began 46 years ago, back in 1944, when he was the general manager of a DeSoto (a defunct Chrysler brand) dealership in Glen Ellyn. He worked for Glen Ellyn Motors until 1960.

He then went west (young man) and opened Wheaton Quality Chrysler Plymouth which he operated through 1969.

McKie has had a Chrysler location in Fox Lake for over 20 years.

Another tie between McKie and Iaccoca can be found in the fact that McKie also operated a Ford agency across the street from his Chrysler dealership in Fox Lake for three years. Iaccoca came to Chrysler from Ford.

"The car business is a whole new ballgame, with cars almost tripling in price in the last 15 years," says McKie.

He admits that the haggling attached to car sales is as big a pain for the salesman as it is for the buyer, adding that things need a change. He sees all the good changes coming in the near future, "but everybody's got to do it at the same time."

"It used to be that selling cars was a long-time profession, now part of the trouble with the American car business is that there are lots of new young dealers that are more interested in today's business than keeping repeat customers," said McKie.

"There is no more brand loyalty like their

foreign car markets are speaking with a forked tongue. All of the big three turn out car models that are made in partnership with foreign companies. He pointed to the Chrysler sport car built in partnership with Mitsubishi Motors.

When asked about the less than desirable image that his profession has conjured up, McKie adds that more and more, the American automotive business is drawing a different, more educated breed.

And the service department is the place that higher and continuing education have a more meaningful part than ever before.

Joe Johnson, McKie's service department manager, talks about the big changes in automotive service that have taken place in the last 10 years.

"Fixing a car is no more difficult than it ever has been. Its diagnosing the trouble and what to fix that calls for more sophisticated electronic knowledge and more expensive high technology computer scanners," said Johnson.

Johnson has been with McKie over eight years, having come from another Chrysler dealership.

Now that the corner mechanic can do little more than change one's oil or rotate the tires, the cost of car maintenance has risen sharply.

"When I tell them that we charge \$52.50 per hour for labor in a repair job, they scream that they will go to their corner gas station where they only charge \$30 an hour. The secret is that the \$30 per hour mechanic could take six to eight hours trying to just figure out what the problem is. And most of the time they don't have

Researcher Holen wins Abbott honor

Abbott Laboratories has announced the recipient of its annual "Researcher of the Year" award. The recipient of the highest honor an Abbott researcher can achieve is James T. Holen of Mundelein, a research fellow in the Abbott diagnostics division. Holen's expertise in diagnostic engineering has brought Abbott to the forefront of research and development of medical diagnostic systems used worldwide.

Four nominees also were named. They are George W. Carter, Ph.D., Lake Bluff, area head, immunoscience research, pharmaceutical products division; J. Jaroslav Kyncl, Ph.D., Lake Forest, research fellow, pharmaceutical products division; Isa K. Mushahwar, Ph.D., Waukegan, research fellow and director of hepatitis research, Abbott diagnostics division; and Timothy W. Schenz, Ph.D., Powell, Ohio, associate research fellow at Abbott's Ross Laboratories division in Columbus.

As Researcher of the Year, Holen received \$30,000 from Abbott to donate to the university of his choice and 400 shares of Abbott stock. The four nominees each were awarded 200 shares of Abbott stock.

Holen has selected the University of

Missouri at Columbia to receive a portion of the \$30,000 Abbott gift. He received his undergraduate and graduate degrees in mechanical engineering from the school in 1967 and 1969 respectively.

Orren Pickell Builders go for the gold

Orren Pickell Builders was recently awarded one of the highest accolades for unique and distinctive home design, winning two Gold Key Awards for the 1990 Excellence in Housing Design, sponsored by the Home Builders Association of Greater Chicago.

"We've never participated in awards programs before," said Pickell, "and it's an honor, and a privilege, to be recognized by industry peers."

The annual Key Awards program for Excellence in Housing Design has become an industry standard for innovation in design and technology; as well as, being a most sought after award. This year a record 199 entries competed for 34 top honors.

The Key Awards include 8 categories of competition ranging from multi-family for rent to single family custom homes.

Pickell, a long-time Lake County

member and president of the HBALC, guided the association to both a profitable and memorable year. Mike Doran, also a long-time Lake County member, dis-

played unsurpassed vim and vigor towards legislative matters that both directly and indirectly affect the home building industry.

Famed chef scores big at Victory

The employees, volunteers and guests of Victory Memorial Hospital have something in common with President Gerald Ford, Premier Indira Ghandi and the president of Austria. They've all eaten food prepared by world-renowned chef Jan Osipowicz.

Chef Osipowicz, executive chef for the Hotel Moraine in Highwood, visited Victory and prepared a gourmet lunch and dinner as part of the "Famous Chef Cuisine Program." The menu included

pumpkin and leek cream soup, chicken breast moraine, pork tenderloin medallions, double orange roughly, caramel custard and assorted tortes.

Victory's Famous Chef Cuisine Program was established by the hospital's Dietary Dept. It invites chefs from northern Illinois' finest restaurants to prepare specialty meals at the hospital. The program also organized the annual Famous Chef Cuisine Benefit for Victory each fall.

Fairway offers luxurious living

Families seeking luxurious, attainably-priced golf course living are finding Fairway Estates in Antioch a community that fits their lifestyles, according to Randy Bus of Antioch Golf Venture.

Fairway Estates, Rte. 59 and Grass Lake Rd., is a community of 69 single-family homes and a limited number of townhomes located on the Antioch Golf Course. Fifty of the homesites, which

range up to 1/2 acre in size, offer views of the golf course. Homesites begin at \$49,900, with homes priced from \$197,900 to \$252,990.

Since the community opened recently, 19 of the homesites have already been sold. Buyers can either submit their own plans or choose from one of the four designs offered by Oak Builders, Inc.

film review

The mob is back on the big screen and being done in a big way with "Miller's Crossing," a few months ago, "Goodfellas" in the first run theater's now and "Godfather III" on the way.

Despite the unnerving violence, the immoral decadence and the repeated bloodbaths, Dir. Martin Scorsese drops in a bit of morbid humor here and there.

The careers of the three main mobsters, played perfectly by Robert DeNiro, Ray Liotta and Joe Pesci, is the gist of the plot.

Lorianne Bracco as a mob wife and Paul Sorvino, another gangster, add to the top notch cast.

Pesci, who plays a maniacal killer, probably walks away with the top acting honors despite DeNiro's flawless portrayal leading a long list of winning underworld renditions.

This is a powerful movie based on a real life story that deserves five stars out of five for films of its type. The acting deserves five stars in any category.

This is not one for the squeamish or the ultra-moral and the realization that the events depicted happen everyday certainly leaves a bad taste in one's mouth.

No tired businessman's light entertainment. Not for the kiddies either.

It never ceases to amaze me how or why gangsters are always shown eating their way through their murders in these mob flicks!

be there

Right in the spirit of the holiday season is "The Magic of the Nutcracker" to be done by Dancenter North on Butler Auditorium's stage at Libertyville High School on Dec. 7, 8 and 9, at 7:30 p.m. on Friday and Saturday and 2 p.m. on Sunday.

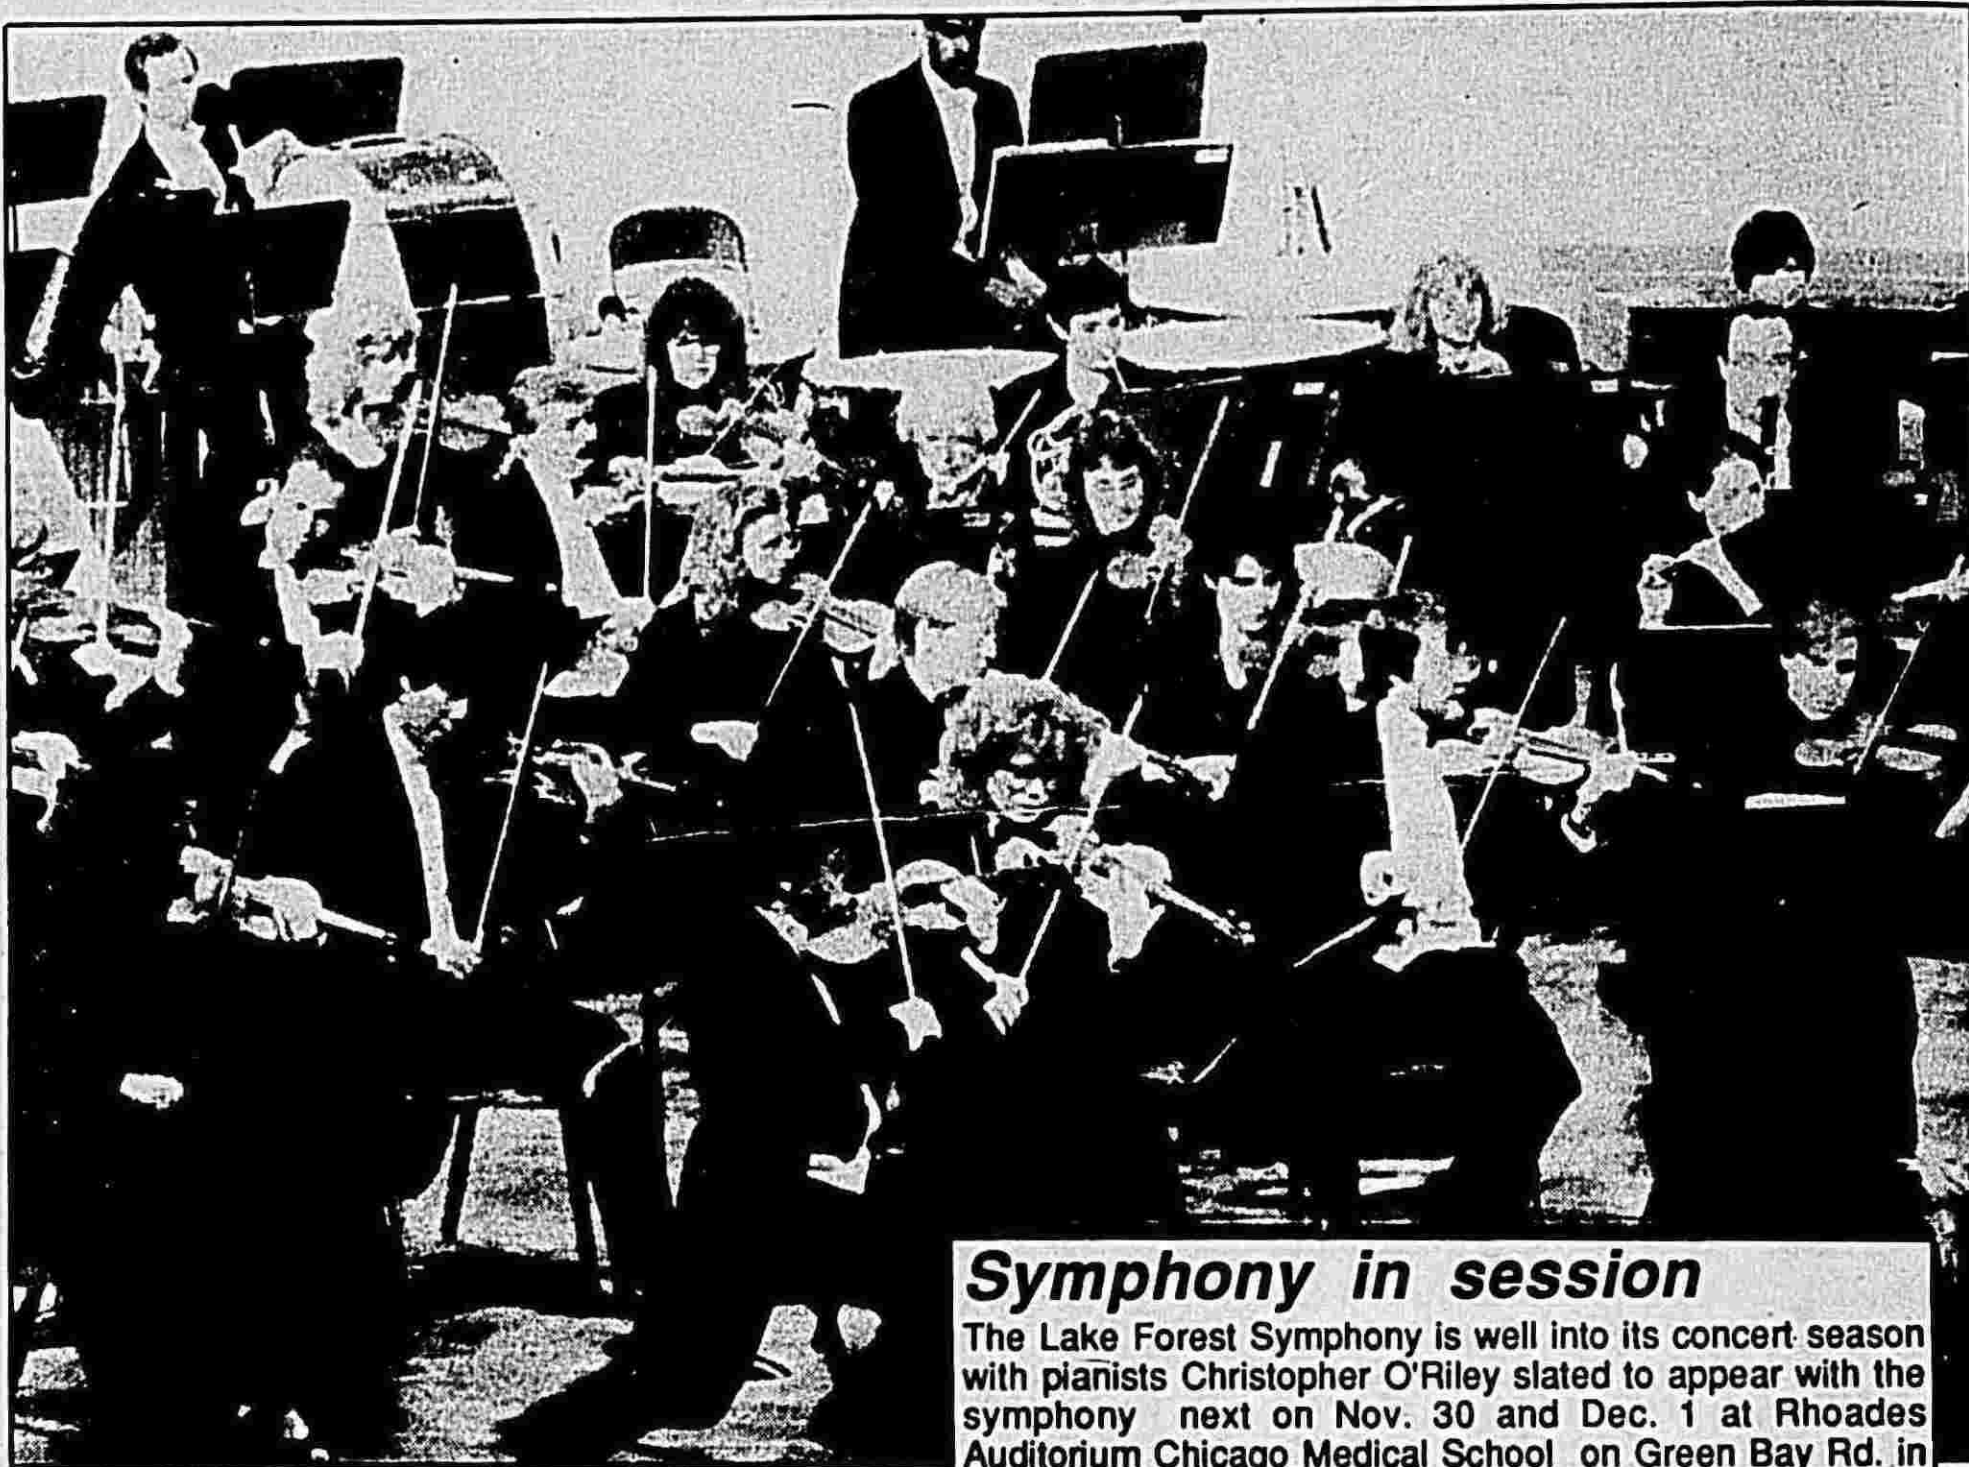

Although there is time to garner tickets, a must on one's entertainment agenda is the appearance of pianist Theodore Edel at 3 p.m., in the auditorium at the College of Lake County.

The Bowen Theatre Company will be creating a special holiday event for Lake County's kids. "The Christmas That Almost Wasn't" will go on stage at Goodfellow Hall at 10 a.m., 12 and 2 p.m. on Dec. 15 and at 2 and 4 p.m. on Dec. 16.

More Christmas spirit is available when the Waukegan Symphony Chorus has Christmas concerts at 4 p.m. on Dec. 2, at the Church of the Holy Spirit in Lake Forest and at 8 p.m., on Dec. 8, on the stage of the Waukegan West High School auditorium.

In another vein entirely, monster truck racing enthusiasts have a treat in store at Rosemont Horizon on Nov. 30 and Dec. 1 at 8 p.m. when the top mud racers from around the country will be on hand.

For those of you who love skating on an indoor ice rink, try the Northbrook Sports Center which will be open for skating until April on Mondays, Wednesdays and Fridays, from 10:30 a.m. to noon; Wednesdays from 4-5:15 p.m. and on weekends from 3-4:15 p.m. Admission is \$3 and \$4.

Symphony in session

The Lake Forest Symphony is well into its concert season with pianists Christopher O'Riley slated to appear with the symphony next on Nov. 30 and Dec. 1 at Rhoades Auditorium Chicago Medical School on Green Bay Rd. in North Chicago. Benny Kim on the violin follows on Jan. 25 and 26 and George Gershwin's music is due in spring.

O'Riley to appear with symphony

Scheduled concerts and guest artists include pianist Christopher O'Riley on Nov. 30 and Dec. 1, Jan. 25 and 26, Benny Kim, violin.

Tickets are still available for pianist Christopher O'Riley who was recognized at the 1981 Van Cliburn International piano competition, and who will be appearing with the Lake Forest Symphony for two performances on Nov. 30 and Dec. 1. He will be performing Shostakovich's Piano Concerto No. 1 in a program which will also feature works by Corigliano and Brahms.

An "All Gershwin" program will highlight the Lake Forest Symphony's 1990-91 concert series which celebrates its 34th season this year.

The March 15 and 16, 1991, "All Gershwin" concerts will feature pianist Jeffrey Siegel. The program includes selections from the "Cuban Overture," "Concerto in F," "Symphonic Portrait from Porgy and Bess," and "American in Paris."

The Lake Forest Symphony's final concert for the season on April 26 and 27, 1991 will feature guest violinist Elmar Oliveira.

Season subscriptions are still available at \$120 per person and single tickets are \$23 per person. All performances of the Lake Forest Symphony begin at 8 p.m., and are held at Rhoades Auditorium, Chicago Medical School, 3333 Green Bay Rd., North Chicago. For more information call (708)295-2135.

Savage opens Kirk's 25th season

The Kirk Players' 25th Anniversary Season opens with "The Curious Savage," to be presented at the Mundelein High School theater on Friday and Saturday, Dec. 7 and 8 at 8 p.m. All proceeds will be donated to Omni Youth Services/Greenhouse Program. The price paid for a ticket is tax deductible.

"The Curious Savage" is a gentle comedy that offers a lighthearted and insightful look at life in the "real world." Author John Patrick sets the scene inside The Cloisters, which is a sanatorium that houses a wide variety of harmless social misfits.

A new "guest" is due to arrive and everyone is terribly anxious to meet her. Nurse Wilhelmina, played by Debra Meiszala of Mundelein, let it slip that their new arrival is a very wealthy woman! What could possibly bring her to The Cloisters?

Ethel Savage, portrayed by Marjunice Weingandt of Barrington, is indeed \$10 million rich! This endearing lady has a living wish to help others realize their dreams and she plans to spend all of her

late husband's money doing just that. However, her three greedy step-children are making plans of their own. They have managed to convince the good Dr. Emmett, played by Stu Armstrong of Gurnee, that Ethel may need to be committed.

The Players' found director, John W. Lynn, announced that the cast includes three of the group's Artists in Community Theater. Lynn explained that "Paula Willems, Bob Thomas and Jesse Becker have served for more than 10 years and have accepted more than 20 acting or crew chief assignments with the Kirk Players."

Willems of Mundelein plays Fairy May, a naively effervescent and waif-like girl who imagines herself to be a radiant beauty. Barrington's Thomas, who is also the group's technical director, takes the stage as Hannibal, the adorable violin playing statistician. Becker of Mundelein plays the role of Titus Savage, the pompous step-son and U.S. Senator who gets more threatening telegrams than any other man in Congress!

The balance of this wacky cast of characters includes the snooty Lily Belle,

played by Holly Weber of Mundelein, and the famous Judge Samuel Savage, played by Carl Johnson of Libertyville. Then there is the sensible Florence whose only wish is to be a good mother, portrayed by Mary Jo Pippenger of Hawthorne Woods.

Traveling all the way from Wheaton to play the ferocious artist Mrs. Paddy is nine year Kirk veteran, Donna Lynn. Russ Slade of Mundelein completes the cast as Jeffery, the battle scarred war veteran who was once a brilliant concert pianist.

"The Curious Savage" technical staff includes Cynthia Petersen, stage manager; Thom Koch Jr., lighting director; George Frake, set design; Royden Slade and Ken Torbeck, sound; Lynne Gomoll, costumes; Sheila Bourque, Janet Walker and Maureen Cook Slade, props.

Ticket prices are adults \$5, students \$3, senior citizens and children under 12, \$2. They are available from representatives of Omni Youth Services/Greenhouse Program, the Kirk Players, or may be purchased at the door. For further information call (708)566-6594.

Once your Thanksgiving feast is over, what do you do with the leftovers? Here are some suggestions:

Spiced turkey pilaf with apricots

- 5 1/2 cups chicken broth
- 2 cups brown rice
- 4 tsps. ground cinnamon
- 4 tsps. onion powder
- 2 tsps. grated orange peel
- 1/2 tsp. salt
- 1/4 tsp. ground black pepper
- 1 cup sliced celery
- 2 1/2 cups cooked shredded turkey
- 1/2 cup slivered dried apricots
- 1/4 cup sliced almonds

In a medium saucepan, combine broth, rice, cinnamon, onion powder, orange peel, salt and black pepper; bring to a boil. Cover and simmer, covered, for 10 minutes. Stir in turkey and apricots; simmer, covered, until rice is tender and some liquid remains, about five minutes longer. Spoon into a serving bowl; sprinkle with almonds; serve. Garnish

Pops to hold concert

The Lake Forest Pops, comprised of Lake Forest Symphony orchestra members and Music Director Paul Anthony McRae, will perform a special family Christmas concert on Sunday, Dec. 16 at 3 p.m. The program will be held at the Lake Forest High School's West Campus, 300 S. Waukegan Rd., (Waukegan at Westleigh) Lake Forest.

The Christmas concert will feature an array of holiday favorites given in cabaret-style roundtable seating, close to the orchestra and similar to Boston Pops performances.

"The Lake Forest Symphony has given holiday concerts in the past, but they were a part of the regular season schedule. This year, we wanted to

present a more intimate and informal concert, where adults and children could gather together and celebrate the music of the season," said McRae.

"We have planned a variety of holiday selections guaranteed to appeal to all ages. I hope that area residents will bring their entire families to this festive concert," he continued.

Tickets are \$16 for adults and \$8 for children under 12. Tables of ten can also be reserved in advance. Tickets purchased at the door are \$20 for adults and \$10 for children and will be seated on a first-come, first-serve basis.

For more information or to purchase tickets, call the Lake Forest Symphony office at (708)295-2135.

with sliced orange and celery leaves, if desired.
Makes four servings (nine cups).

Baked potato-turkey salad

- 1 cup boiling water
- 2 chicken bouillon cubes
- 2 Tbls. minced onion
- 1/4 cup olive oil
- 2 Tbls. white vinegar
- 1/4 tsp. ground black pepper
- 2 lbs. small red potatoes, scrubbed, cut into quarters
- 2 cups diced cooked turkey

Preheat oven to 350 degrees. Combine water and bouillon cubes; stir to dissolve. Add onion, oil, vinegar and black pepper. Place potatoes and turkey in shallow three-quart casserole. Pour dressing over all, tossing to coat. Bake, uncovered, until potatoes are fork tender, 35 to 40 minutes, stirring occasionally. Serve warm, or at room temperature, on lettuce leaves, if desired. Makes six servings.

Sweet & savory turkey salad

This salad is so sumptuous, you may find yourself roasting an entire turkey solely for the leftovers. Turkey, cheddar cheese, and toasty pecans are bathed in a sweet and savory poppyseed dressing laced with slivered apricots and figs.

- 1/4 cup fresh lemon juice
- 1/4 cup white wine vinegar
- 2 to 4 Tbls. Dijon-style mustard, or to taste
- 2 Tbls. honey
- 2/3 cup vegetable oil
- 3 Tbls. finely minced red onion
- 3 Tbls. poppy seeds
- grated peel of one small orange
- 1/2 cup dried apricots, cut into slivers
- 1/2 cup dried Mission figs, cut into slivers
- 5 cups chopped or shredded cooked turkey
- 4 ribs celery, coarsely chopped (about 1 1/2 cups)
- 1/3 pound sharp cheddar cheese, cut into 1 1/2 inch matchsticks (about 1 cup)
- 3/4 cup coarsely chopped pecans, lightly toasted
- salt to taste
- green cabbage leaves
- 1 red cabbage or 6 to 8 individual red cabbage leaves

leaves

In a small mixing bowl, combine the lemon juice, vinegar, Dijon-style mustard and honey until well blended. Gradually add the oil. Stir in onion, poppy seeds and orange peel. Add apricot and fig slivers. Allow dressing to stand at room temperature for one hour.

In a large bowl, toss together the turkey, celery, cheddar cheese and pecans. Pour poppy seed dressing on top. Toss well to coat. Season with salt. Chill several hours or overnight. To serve, arrange green cabbage leaves on serving platter. Use a knife to hollow the center of the red cabbage to form a 1/2 inch thick shell. Spoon salad in the center of hollowed cabbage. Or, spoon salad onto individual red leaves. Arrange filled red cabbage or individual filled red cabbage leaves atop green cabbage leaves.

Makes 6 to 8 servings.

Cranberry oatmeal cookies

These cookies are quite generous in size; in fact, nibbling on one throughout the day can make the very notion of breakfast and lunch disappear.

- 1 1/2 cups unsalted margarine, softened
- 1 3/4 cups packed brown sugar
- 2 large eggs
- 1 1/2 Tbls. honey
- 2 tsp. vanilla
- 1/2 tsp. salt
- 2 cups unbleached all-purpose flour
- 1 18-oz. package rolled oats (about 5 1/2 cups)
- 3 cups fresh cranberries, coarsely chopped (12 ozs.)
- 1 1/4 cups coarsely chopped walnuts
- 1 Tbl. finely shredded orange peel (1 medium orange)

Line baking sheets with parchment paper. In a large mixing bowl, beat margarine until smooth. Add the sugar. Beat until mixture is smooth and fluffy. Add eggs, honey, vanilla and salt. Beat until well mixed. Add the flour. Beat until well mixed. Using a large wooden spoon or your hands, work in the oats until well combined. Add the cranberries, walnuts and orange peel. Stir until evenly distributed.

Shape dough into balls the size of a small egg. Place balls 3 inches apart on prepared baking sheets. Press each ball into a 3 inch round. Bake in a 350 degree oven for 15 to 20 minutes or until desired doneness. Remove. Cool on wire racks.

Makes 30 cookies.

Squirrel's tail like hunting in the bank

Squirrel hunting in Illinois is now in progress. It will continue through Dec. 31, except for the November and December break when white-tailed deer season occurs...three days in each month.

The Conservation Department says squirrel hunting ranks as one of the most popular of the fall hunts...with a basic four month season in Illinois. They also say a hunter may take five squirrels daily

and have no more than 10 in their possession. But the Conservation Department has not been in my back yard lately. Here the squirrel hunting season extends most of the year. There are about five hunters and no guns. Four of the hunters have four legs and a bushy brown tail. The fifth has only two legs and a dragging tail from chasing the other four off the bird-feeder...You guessed it...me!

I don't like to be mean about it, but, "That food is for the birds," I keep hollering as I knock on the window close to the bird feeder. Mostly they scramble to leave when they hear me, but they are growing bolder, and just look up, hesitate, and continue emptying the birdfeeder 'till I come out and give chase. Then, they scurry up the tree, jump to the roof and disappear. Only for a while, however, and are soon back vandalizing the bird seed in great gulps as, with their back claws, they cling to the feeder roof and use their front legs to clean out the grain.

We have a year around season...They aren't called fox squirrels only because of their beautiful tail. They really are "foxy" enough to keep me frustrated. But there is a value to this tail! The Mepps people who make fishing lures use squirrel tails by the thousands and wish they could get more. You see, squirrel tails resist moisture and stay rather bushy, even when wet. Attached to an artificial fishing lure they whet the appetite of a hungry fish...and have for nearly 50 years.

So, if you are a more successful squirrel hunter than I, you may recycle the tail or your bagged squirrel for money or lure trades. Mepps will transform it from a hunter's trophy to, hopefully, a trophy fish-catching lure. "We only want tails from those that have already been harvested for the table," says Mepps. "Don't shoot them just for the tails," they warn. Well, they don't know about me...my tale does not produce even one tail. Mepps are at Antigo, Wis 54409, and will send "De-Tails", plus a fishing catalogue, if requested.

In addition to hunting squirrels, we also enjoy hunting out-of-the-way places in our state that have historical significance without commercial buildup. We visited

one a few days ago...Utica, Ill close to Starved Rock State Park in a scenic, river edge segment of the state. This tiny town thrived during the lifetime of the Illinois-Michigan Canal in the 1840's during the building period. The first official canal boat from that area arrived in Chicago in April, 1848. The trip took 24 hours, cost \$4 and top speed was five mph, attained as the "General Thornton" was towed by a three-horse team.

The canal route is now a National Heritage Corridor. A visit to Utica's LaSalle County Historical Museum, originally a general store and warehouse, now offers an unusual, authentic collection of Illinois memorabilia, casually and without charge. If in the area, you would regret missing this historical collection.

Goose hunters who seek in-season targets may find Williamson County's Tourism Bureau an irresistible invitation for the coming season which opened there on Nov. 10. Just off Interstate 57 and close to Marion, Ill they offer the hunter a 71,100 goose quota and also a chance to view nature's goose collecting phenomena at Crab Orchard Wildlife Refuge. Call them at (800)GESE-99 to get a detailed hunting guide by return mail and answers to immediate questions. It's an unforgettable sight to watch thousands of these giant, graceful birds as they descend into the refuge each evening.

'X' disappears in new movie ratings

The Motion Picture Association of America has replaced its X rating with a new NC-17 rating.

G Suggested for general audiences. All ages admitted.

PG Parental guidance suggested; some material may not be suitable for pre-teenagers.

PG-13 Parents urged to give special guidance for attendance by children under 13; some material may be inappropriate for your children.

R Restricted. Persons under 17 not admitted unless accompanied by parent or adult guardian.

NC-17 Persons under 17 not admitted.

X Eliminated from MPAA's ratings system. Films now rated X can be resubmitted for the new rating.

CLC sets Alaskan tour

The College of Lake County is planning a study cruise to Alaska from May 26 to June 4, 1991. The cost of the trip will be approximately \$2,220 to 2,500, depending upon cabin choice. All meals during the cruise, twin accommodations, lectures and discussions, as well as round trip air transportation from O'Hare Airport are included in the tour cost.

Participants should register for HUM 124 credit or audit. Tuition is not included in the tour price. Ken Simonsen, philosophy instructor at CLC, will lead the tour.

The cruise will reveal the natural splendors of Alaska and British Columbia, the spectacular glaciers, fjords, historic towns, splendid wildlife and mountain scenery. Highlights of the

tour are a seven-day cruise of the Inside Passage from Vancouver to Anchorage and two days in Denali National Park, the home of Mt. McKinley. Two nights in the park allow time for individual hiking and relaxing as well as an expedition to spot grizzly bear, moose, caribou, and mountain sheep.

Tips to prepare for cold weather

It's possible the best never-say-die battery won't get your car started this winter.

The reason is that not all engine parts and systems are as maintenance-free. But, you can prepare for the effects of cold weather with the following helpful tips:

1. Buy the best battery you can afford when it's time to replace it, about every three years. Cheap batteries have a lower power reserve. Remember, a battery will lose 35 percent of its cranking power at 32 degrees Fahrenheit and 50 percent at 0 degrees.

2. Check the condition,

tightness and cleanliness of the battery posts. The electrical resistance that develops when a battery cable terminal is loose or badly corroded can cause a no-start problem.

3. Keep the gas tank full. This prevents condensation of moisture in the tank, which leads to fuel line freeze-up.

4. Use the correct grade of winter motor oil for your area of the country. Most vehicle manufacturers recommend a thinner 10W-30 multi-viscosity oil to reduce engine part wear during the winter.

5. Consider a minor

engine tune-up, including checks of the charging and starting systems, spark plugs, ignition wires and the choke.

Wet or cold winter weather increases deficiencies in ignition components, and worn spark plugs easily require twice the electricity of new ones. If the choke is not operating properly, the engine will crank slowly and will be hard to start.

6. Rust, seeping antifreeze and just plain old crude in the cooling system can cause your engine to crank sluggishly or not at all.

The system should be flushed out and new coolant added every other year. This also is the most convenient time to check the radiator hoses, and replace those that are soft or that show exterior cracks.

7. Check all V-belts, especially that alternator drive. The alternator should carry most of the electrical load, thereby reserving battery power for starting the engine and operating emergency accessories. If the belts have not been replaced in four years, they could fail at any time.

Don't let a leaky radiator cap leave you stranded

The scene is a familiar one: A car on the side of the road, hood up, a geyser steaming from the radiator. A typical summer scene, right?

Wrong. This scene could come true any time of the year, stranding you on the roadside, the end result of a bad radiator or cooling system.

A car's radiator cap is one of those many little "out of sight, out of mind" parts of your car you probably don't think about. But it does a very big job, holding your car's coolant/antifreeze mixture under pressure in

your radiator and engine block.

A leaky radiator cap, or a cap that is otherwise in poor condition, can cause your cooling system to be improperly pressurized. The consequences of an improperly pressurized system could include causing your engine to over heat, causing your engine's coolant hoses to rupture if the cooling system pressure is too high, damaging your heater core, or damaging the radiator itself.

One way to tell if the cap is not in good shape is simply to inspect it, some-

thing you can do yourself.

Before you remove the cap, however, it's best to wait until your engine cools. Boiling coolant can cause serious burns.

When the engine is cool, slowly remove the cap and check the rubber gasket inside. If it is cracked or looks deteriorated, consider replacing it before it causes trouble.

Also check to ensure that the cap fits tightly, and that someone, somewhere along the way, has not replaced it.

If you have any doubt about the cap's reliability, have it replaced.

Prepare your motorcycle for hibernation

Motorcycle manufacturers believe that what is true for people is often true for machines. While doctors say taking preventive measures can add years to our lives, motorcycle enthusiasts know that the same can be said for their machines. Preventive maintenance each fall can greatly reduce the possibility of costly headaches when spring rolls around, and can add years to

the life expectancy of your motorcycle.

To prepare your machine for its winter hibernation, follow these easy do-it-yourself suggestions:

To preserve your fuel system, fill your gas tank, add a fuel stabilizer and run the engine for a few minutes to get the treated gas throughout the fuel system.

Because the fuel in the tank is highly combustible,

motorcycle manufacturers advised against storing your motorcycle in your home. However, if you must store it in your home or in an area exposed to open flames (pilot lights, sparks or electric motors), empty the fuel system by draining the gas tank and running the engine until it stops.

Coat the inside of the carburetor with light oil and spray the inside of the gas

tank with rust preventive. This will help prevent corrosion and possible engine damage.

Remove the spark plugs, inject a few squirts of engine oil into each cylinder and crank the engine five or six revolutions. Re-install the spark plugs.

Fill oil to the proper level before storing your machine. On motorcycles with remote oil tanks, remove the oil line leading

from the bottom of the tank to the feed fitting on the oil pump, and plug the line at the bottom. Don't forget to reconnect the line next spring.

Adjust the chains and lubricate to prevent rust over the winter.

Remove the battery and store in a cool area, above 32 degrees Fahrenheit, but don't expose it to direct sunlight or moisture. Give

is a slow charge about once a month while it is in storage.

Thoroughly clean, dry and polish the motorcycle.

Difficult maintenance and repair should be left to factory-trained professionals. In fact, many riders cause very expensive, or injury threatening, damage while attempting complicated repairs themselves. When in doubt, leave it to the pros.

Winter driving hazards

The key to safe winter driving is foresight. With the colder months approaching, advance preparation is essential for taking on winter's hazards. By taking a few precautions and carrying a few important items in your car, your and your family can avoid many winter dangers.

Always carry a can of de-icer for the windshield, which contains antifreeze to prevent ice from reforming, and a non-streaking formula to keep windows clear.

A rugged scraper top to break up ice and an extra

large spray button that can be depressed without removing gloves are also beneficial to the winter driver.

Fill up the windshield washing with antifreeze. The windshield may be clear of ice and snow, but dirt kicked up from passing cars can greatly reduce your visibility.

It's important to flush and refill your radiator in the fall to protect against cooling system failure during the winter.

A bag of sand is useful to increase traction when snow or ice cause tires to lose

their grip on the road. Keep a collapsible shovel in your trunk to shovel the sand and dig you out of a tough spot.

For cars with rear wheel drive, it's a good idea to load up the trunk with a heavy object like a sand bag. The weight in the rear of the trunk can prevent "fishtailing" in icy conditions. Be sure that the weight is firmly positioned in the front section of the trunk.

Taking these few simple precautionary steps can save you and your family from a harrowing winter driving experience.

Land transfer gets denied

The Lake County Board's Public Service Committee reviewed correspondence from the Illinois Environmental Protection Agency regarding the Village of Mundelein's request to amend the Illinois

Water Quality Management Plan to transfer approximately 3,200 acres from two Facilities Planning Areas (FPA's) into the village's FPA.

a 48 year resident of Ingleside, Illinois died Monday evening, November 12, 1990 at the home of his granddaughter in Corbett, Oregon.

Born on January 1, 1909 in a log cabin near Ann Lake, Minnesota, he came with his family to Illinois in 1926. He earned a Bachelor's degree from Zion College in 1930, and taught in the Zion Preparatory College until it closed in 1939. He was married to Lucie Greer of Zion in 1931, and the couple moved to Ingleside in 1942, where Oran became seventh and eighth grade teacher and principal of the Gavin School. As enrollment rapidly grew from 100 to 1,000 and two other buildings were added, Oran became superintendent of the Gavin Schools. His wife was one of his teachers for sixteen years. They both retired in 1968. Since retirement, Oran had worked as a sales clerk at Montgomery Ward in Waukegan, a bookkeeper at a local school district, and a handyman at the Wauconda Orchards. He was an officer in the National Retired Teachers' Association. He also served as an usher in the Christian Catholic Church in Zion for a number of years until ill health prevented it.

Oran is survived by his wife, Lucie, to sons: Finley in Lebanon, Oregon, and Peter in Houston, Texas, and three daughters: Patricia Lees in Corbett, Oregon, Kay Saxby in Lake Zurich, and Karen Willey in Webster, Minnesota. He also leaves three surviving sisters: Cecelia Johnson in Phoenix, Arizona, Ethel Townsend in North Chicago, and Olga Setterlund in Waukegan; thirteen grandchildren and eleven great grandchildren.

A memorial service will be held at the Christian Catholic Church on Dowie Memorial Drive in Zion on Saturday, December 8, at 2:00 p.m.

You were so good to Mom after Dad died. How can I ever thank you?

PUBLIC NOTICE
ANTIOCH TOWNSHIP
ASSESSMENT ROLL FOR 1990
OFFICIAL ASSESSMENT LIST

This publication is the official notice to property owners of the 1990 quadrennial assessment of land and improvements in the Township of Antioch. The 1990 assessments as published are those determined by the Assessor and/or the Supervisor of Assessments.

It is the duty of the Assessor to assess all taxable property on a uniform basis of valuation so that the assessed values of the various properties are a just and equal assessment of such properties according to law.

The assessment roll recording the values of property determines only the distribution of the total tax load among the individual property owners. The Township Assessor and/or the Supervisor of Assessments has no control over the amount of taxes levied, nor the public expenditures. The amount of these assessed values (subject to state equalization), minus applicable exemptions, multiplied by the established tax rate, determines the amount of your tax bill. The Assessor does not make the rate; he merely finds the value of your property.

EQUALIZATION

The following printed assessments are shown at 33.33% of market value, having been equalized to that level by the Supervisor of Assessments, who has applied a factor of 1.0211 to all values except those assessed under the provision of Secs. 20e, 20g-1, 20k and 44.1 of the Revenue Act of 1939, as amended. Application of the township equalization factor represents a 2.11 percentage increase in assessments.

To determine the market value of your property, add the total of the land and the total of the building(s) and divide the result by 0.3333. If it appears that the resulting number is higher than the market value of the property, you may be over-assessed. If the resulting number is less than your opinion of market value, the assessment may be low.

ARRANGEMENT OF LIST

If you live in an incorporated area (city or village), your property is listed under the name of your city or village, which will be in alphabetical order. Each street within the city or village is also arranged in alphabetical order. Property owners living on the same street will be listed as follows:

First - vacant property or improved property with no street number.

Second - property with street number listed in numerical order (may be approximate).

If you live in an unincorporated area, the property is listed alphabetically by post office and street name. Then, property without street numbers will be listed first followed by numbered properties in numerical order.

INFORMATION ON ASSESSMENTS

Any property owner who has any question in regard to the assessment of their property should call the local Township Assessor's office. This publication does not reflect reductions for Homestead Limited Exemptions, Senior Homestead Exemptions, Homestead Improvement Exemptions or Disabled Veteran's Exemptions. The aforementioned exemptions are not removed from the assessment until the time of billing. You will see them removed on your tax bill, with a notation as to which exemptions have been applied. Note that land value and building value appear separately and should be added together to arrive at a total assessed value. These values are subject to a state adjustment factor certified to the County Clerk by the Illinois Department of Revenue. Any property owner who objects to the amount of their assessment should file a complaint in writing with the Board of Review from June First to September 10, 1990, or until 30 (thirty) days after publication, whichever is later. Complaints must be on the prescribed form and can be obtained by telephoning 360-6609, or by written request to the Supervisor of Assessments, 18 North County Street, Waukegan, IL 60085-4339.

Questions regarding the grid system used in determining address numbers should be directed to the Lake County Map Services Department, whose telephone number is 360-6373.

Every week, we have a special
spot in our newspaper that's
exactly right for that item you want
to sell. If you tell us to run an ad
for a car you no longer need, we
place it in our CARS FOR SALE
classification (No. 80). Want to
buy or sell a horse? Your ad goes
in classification No. 42.
Why do we do it this way?
Because it's easier for our
readers (your customers) to
find your ad. No long search,
no missing your sailboat ad because
it's mixed in with rummage sales.
The next time you want to turn a
no-longer needed item into cash,
give the Lakeland Newspapers a
try. You'll be in the right place.

209-28 HIBBING
By Landmark Designs

In this contemporary cabin, windows in all of the living areas face toward the back of the home to take full advantage of a vista, such as a meadow, river, mountain range, ocean or lake.

The Hibbing is a revision of one of Landmark's most popular plans, with changes in response to reader requests. The bedrooms are bigger, as is the utility room, and the home is built over a full basement.

While one might think, looking at the unique shape of this home, that it would be complicated to build, the structure is actually relatively simple - a hexagon and two rectangles.

The central high-vaulted hexagonal great room has open beams and combines the functions of kitchen, dining room and living room. The woodstove, seated on a wide hexagonal hearth at its center, provides a warm focal point for this bright airy and spacious central living area.

A modified U-shaped kitchen is separated from the rest of the room by

nothing more than an eating bar. A utility room, complete with a utility sink and a wide counter, is conveniently located next to the kitchen, with a huge walk-in pantry right next door.

Two rectangular areas on nearly opposite sides of the hexagon house the sleeping areas, offering privacy to both. The master suite has a double-sided walk-in closet and twin vanities located outside the bathroom. Sliding doors here, and in the dining room open onto a wide wrap-around deck.

The two other bedrooms share a bathroom which, like the master bath, includes double sinks under a wide mirror, separate from the steamy bathing area and the toilet.

For a study plan of the HIBBING (209-28), send \$5.00 to Landmark Designs, P.O. Box 2307, Eugene, OR 97402. (Be sure to specify plan name & number when ordering). Designers, Architects and readers with plans they would like to see featured also are invited to contact Landmark.

YOUR HOROSCOPE

by Charles King Cooper

ARIES (March 21 to April 19) Keep financial transactions confidential for success. Behind-the-scenes moves pay off. Advice you receive now is promising. You're better off counting on the support of friends and important contacts than initiating moves yourself. Downplay ego.

TAURUS (April 20 to May 20) Have faith. Others offer you background support regarding career interests. Avoid clandestine involvements and needless worry. Though it's not the time for home entertaining, you'll still enjoy your close friends. News from a distance is happy.

GEMINI (May 21 to June 20) Negotiations involving a business move may be complicated and involved, but you'll come up with last-minute solutions. Keep plugging! You'll want to travel with a favorite companion, but making arrangements may be complicated now. Try to keep costs down.

CANCER (June 21 to July 22) Don't goof off on the job. If you are rebuffed in your efforts to obtain financing, keep trying. Perseverance brings success. The fact that you care should be enough to offset other liabilities. Dwell on the positive and be forgiving of a loved one.

LEO (July 23 to August 22) Distractions interfere with needed work. Home base offers you the peace of mind that will lead to progress. Work overtime if necessary. Creative activity is favored, but don't mix business with pleasure. Forget about office cares when out on a date with a loved one.

VIRGO (August 23 to September 22) Extra activity around home base can frazzle your nerves. However, it's a good time to buy something nice for your home. Rely on your own efforts to get work done now. Counting on others could lead to disappointment. Don't be self-effacing.

LIBRA (September 23 to October

22) Despite a change in plans, you'll have success in promoting your ideas. Close ties are helpful and you have winning ways. Be philosophic about an unexpected expense. New job and financial opportunities should arise now. Take advantage of good fortune.

SCORPIO (October 23 to November 21) You have many creative potentials. Now's the time to find a major interest and commit yourself to it. Romance is also likely. Complete unfinished tasks before embarking on a new project. Tidy up loose ends. You may hear of a good real estate venture.

SAGITTARIUS (November 22 to December 21) You may consider joining a club or organization. Friends are helpful now. You may receive an invitation that is to your liking. Capitalize on new work opportunities. Be willing to expand your horizons. Seek new ways to increase your income or security.

CAPRICORN (December 22 to January 19) Your optimism attracts benefits. You're able to advance your interests through your likable disposition. Make travel plans. You'll obtain behind-the-scenes financial backing now. You profit by keeping a low profile. Don't show your hand prematurely.

AQUARIUS (January 20 to February 18) Friends turn you on to moneymaking opportunities. Include loved ones in your plans. Together, you favorably impress others. Astuteness aids you in career endeavors. Higher-ups will be impressed with your work. Seek ways to improve your status in life.

PISCES (February 19 to March 20) Make plans for a pleasure trip. You'll make important decisions affecting a child's welfare. Capitalize on educational opportunities. Consult with bankers about home-improvement projects. Consider investing in property. Talks about joint assets are fruitful.

Church Talk

Antioch

The United Methodist Church of Antioch, 848 Main St., Antioch, will hold worship services at 8:30 and 10:45 a.m. on Sunday, Dec. 2, the first Sunday of Advent. Church School, with classes for prekindergarten through adults, will begin at 9:30 a.m. They will be working on a special Advent project, the Everlasting Light, written by Flora Mitchell. Special activities were planned for each class. Wesley Hall will open at 7 p.m. to serve as a PADS shelter. Among the special activities taking place at the church this week will be a Cookie Walk on Saturday, Dec. 1; a Men's Breakfast on Sunday, Dec. 2 at 7:30 a.m. at the church; and the United Methodist Women will meet on Wednesday, Dec. 5, at noon for a holiday potluck. Any woman interested is welcome to attend (and may bring her husband). The Madrigal singers from Antioch Community High School, under the direction of Keith Cox, will be entertaining the group.

Demonstration housing need seen by Task Force

Members of the Lake County Affordable Housing Task Force feel that a demonstration project incorporating high density and latest design techniques is needed to "tell the story" of how housing can be brought within the financial range of more citizens.

"Our communities don't know that good design and density can go together," declared Chairman Jeff Pickus at the Task Force monthly meeting.

The Task Force was formed by the Lake County Board to come up with ways housing can be made more affordable,

especially for senior citizens, moderate income families, minorities and young married couples.

Task Force members viewed a film prepared by a national builders organization showing three model developments designed for smaller lots, zero lot lines, cluster housing and shared open space.

Savings of approximately \$8,000 per lot were achieved with final sales prices going for 10 to 15 percent below market.

Cranston Byrd, county planner, said that a demonstration project would help the cause for affordable housing.

Michael Lescher, a realtor, recommended that the demonstration be located in an unincorporated area with sewers.

Tim Hernandez of Pulte Construction, a member of the Task Force, pointed out that local governments aren't ready for

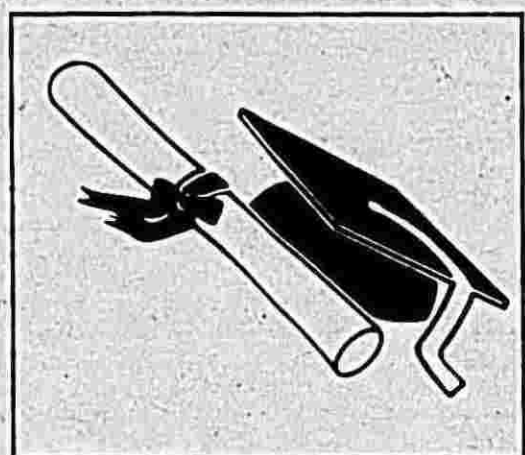

developments depicted in the housing film.

In other business, William Westerman, a banker, reported on success in other areas of financial institutions forming Community Development Corporations to raise equity for housing projects. The non-profit corporations are able to take advantage of tax incentives.

Thomas Gockel, a senior activist, stressed that retired persons selling larger homes for two bedroom rooms generally have money to make a purchase so affordability isn't a problem.

Byrd stressed that some segments of society will never be in a position to purchase a home so there will be continued need for rental housing.

Next meeting of the Task Force will be Dec. 18 at Cabriole Restaurant, Libertyville.

We Have Home, Car, Student & Home Repair Loans... all to suit your every need. A variety of affordable payment plans are also available.

Sales down, prices up

Century 21 of Northern Illinois reported that home sales for the 10 months of 1990 were less than a year ago while home prices have continued a slight increase.

For the first 10 months of the year, the system recorded sales of \$3,675,214,591 compared to

\$3,775,571,360 a year ago or a decrease of 2.6 percent, according to figures released by Roger Peake, regional director of Century 21 Real Estate Corporation of Northern Illinois.

The average home price for the 10 months of 1990 was \$101,502 compared to \$97,863 for the same period in 1989 or an increase of 3.72 percent.

LOOKING FOR A GIFT FOR YOUR HARD OF HEARING LOVED ONE?

SANTA SAYS

There is no finer gift than
the gift of hearing. It is
truly the gift of love.

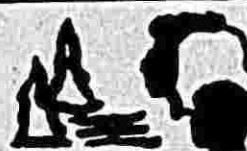

If you or a loved one are hard of hearing you may search forever and never find a more appropriate or appreciated gift than better hearing. Better hearing means renewed social pleasures, happier conversations and all the other joys that better hearing can provide. Hear again church sermons -- attend the theatre -- be again in family conversations. These are the joys that may be yours through better hearing. So give the gift of hearing to yourself or a loved one. Bring back not only the joyful sounds of Christmas, but give a gift that will keep on giving for years to come.

Nifty Fifty clubbers trade wedding secrets

by BILL SCHROEDER
Lakeland Newspapers

Every couple married 50 years has a secret or two for a long and happy marriage.

And when you get 48 couples in one room, each married 50 or more years, you can get at least 48 secrets for how to stay married and be happy.

That's the way it worked out at the annual luncheon of the Nifty Fifty Club where the only requirement for membership is to have passed the golden wedding anniversary landmark.

Seven new golden wedding couples were inducted at a luncheon at Country Squire where bright fall sunshine and pleasantly cool temperatures greeted club members, all residents of Leisure Village, a retirement community near Fox Lake.

"We may have the greatest concentration of golden wedding couples anywhere," exclaimed Julian Anderson, luncheon chairman.

"Get along with each other," agreed Hilda and Dick Hough, new club members, when asked how they reached the coveted marriage landmark. The Houghs celebrated their 50th anniversary with a trip to Hawaii. The couple formerly resided in Chicago.

"Don't stay angry," declared Vivian and John Keith, former Westchester residents who are enjoying retirement in Lake County.

"We grew up in a different era, a time when women were homemakers and concentrated on rearing their families," remarked Anderson. Melvin Bowlus, a luncheon committee member, agreed that there are more pressures on a marriage today.

Joe Hartley had a quip to explain his secret for a long and happy marriage. "Get an early start," laughed Hartley, who was 19 when married and his wife, Evelyn, was 17.

Super wedding stars

Melvin Bowlus, left, member of Nifty Fifty Club, congratulates Evelyn and Joe Hartley, longest married couple in club for couples married 50 or more years. Hartleys were married 64 years ago. Hartley is a retired traffic manager for Chicago office supply company.---Staff photo

Loose ball battles

As usual, when Carmel and Warren boys basketball teams collide, the contest is a close, down-to-the-wire affair. Such was the case at the Carmel Thanksgiving tournament. Carmel overcame 10 and seven point leads by Warren to pull out a 55-52 win. Carmel went on to win its own tourney with 3-0 record. At left: Carmel's Chris Mohr (30) battles for a rebound with Warren's Tim Kohn (55) and Ian Whittington. At right: Carmel's Dan DeVito finds himself tangled with Whittington. - Photos by Joe Shuman.

Comeback Corsairs claim top tourney prize

Living dangerously may make for good movie scripts, but as far as Carmel Coach Scott Rosberg is concerned, that will probably not be the path which will lead the Corsairs to success in the East Suburban Catholic Conference.

League play begins Nov. 30 in Mundelein against St. Viator, and Carmel is coming off its own Thanksgiving tournament championship. The Corsairs won the three games the same fashion - by coming from behind.

CLC notches first win

College of Lake County's men's basketball team used strong free-throw shooting and a tough first-half defense to notch its first win of the year at the Harper Thanksgiving tournament.

The Lancers downed Milwaukee Tech 97-76 to claim third place at Harper's tournament.

The win was the first for the Lancers, 1-4. CLC lost to Harper 92-67 in the first game. "They just outplayed us in the last 10 minutes of the second half," Smith said.

Statham scored 37 to lead CLC in the effort while Coskey had 28 points. Statham, a Warren Twp. High School graduate, scored 19 of his points on 26 free-throw tries. Markus Zackery had 14 for the winners.

CLC hosts Rock Valley Dec. 1 in a non-conference tilt.

"We can't keep doing that in conference play," Rosberg said after a 68-63 win over Waukegan made it a clean sweep. Warren, which fell to Carmel 55-52, bounced back to down Fremd 49-45 for a 2-1 tourney record.

Stepping to the forefront for Carmel was 6-5 junior Pete Eisenbarth. Eisenbarth had 13 points on four field goals and five-for-five from the free-throw line against Waukegan. He contributed 14 rebounds against the Bulldogs, after having games of seven and eight rebounds.

"He is just getting better and better each game," Rosberg said.

Against Warren, Eisenbarth hit a key basket which gave the Corsairs a 44-43 lead. He later tipped in a rebound for a 53-51 margin with 40 seconds left. Warren's Ian Whittington, who had 11 points, missed the first of two free throws and Chris Mohr iced the win for Carmel.

Mohr led the Corsairs in scoring in all three wins, scoring 19 against Warren and 20 against Waukegan. Mohr, as he had done the previous night, sank two free throws in the final seconds against the Bulldogs.

Waukegan led 11-10 after one and 29-23 at halftime. A 23-17 Carmel run in the third quarter brought the home team back.

Warren enjoyed leads of 32-22 in the second quarter. When Ben Bongratz hit a shot with 3:26 to go in the third quarter, the margin was 41-33.

"They beat us on everything in the first half, but we regrouped," Rosberg said.

So did Warren the next night against the

Fremd Vikings.

A 13-0 run in the third quarter sent the Blue Devils off to a 2-1 start.

Craig Shelton had 19 points, including four three-point shots in the first half.

"I had a talk with Craig in the morning and said he has to realize sometimes things will not go his way. Other teams know he is our key player," Bader said.

Steve Karolewicz scored 13 points for Warren.

Senior Dave Huntington was assigned the task of guarding Bill Tharp, son of Fremd Coach Mo Tharp. "He held him scoreless until the fourth quarter," Bader said.

Carmel, after facing what Rosberg called an ESCC "war" against St. Viator, will be venturing to new territory when it faces Crystal Lake South for the first time ever Dec. 1 in a non-conference game at Crystal Lake.

Can't tell new hoops rules without scorecard

by STEVE PETERSON
Lakeland Newspapers

Somewhere in the Illinois High School Assn., there may be a Make-A-Rules Dept.

The Make-A-Rules Dept. figures out ways, in the name of improving a game, to that further complicates matters for officials, coaches and players alike.

That is how some area coaches view two major rules changes which will be placed in effect each year.

One involves fouling. The fifth, sixth and seventh fouls will continue to be one-and-ones. After eight, the opponents get two points and the ball out-of-bounds.

The second major rules change involves the post-season tournament. Instead of the traditional same four teams in each regional, regionals will be based on seeding of 16 squads.

"I don't know why we continue to tinker with the game year after year. It looks like we have rules changes just to have rules changes," Stevenson Coach Ken Johnson said.

Johnson, whose brother Ron and father Mel are both in the Coaches Hall of Fame, opposes the foul rules. "It makes it more difficult to officiate a game. We keep giving the officials more and more to do. We just don't have the number of officials

we have had in the past," Johnson said.

Johnson likes the tournament change, though.

"I like it. It is a healthy change. Clubs that are playing well should be rewarded and clubs with tough schedules should be encouraged to play tough schedules," Johnson said.

Over Time

Warren Coach Darrel Bader said the new format could impact traditional rivalries. "We won't play each other in the first game," he said.

On fouls, Bader said: "you can't go into the fourth quarter and do a lot of hacking."

"Year-in and year-out, we have a no-foul policy. Nothing good can happen from a foul," Grant Coach Tom Maple said.

"We have not hosted a regional yet and now we may never host one. We'll have to have a great season," Grayslake girls basketball Coach Brad Larson said.

Larson said the officials should be encouraged to call the intentional foul.

Johnsburg has been on the Class A and

AA bubble almost since it opened 12 years ago. "I think it will benefit the big schools," Coach Jeff Lewiston said.

The Skyhawks used to be matched up with Crystal Lake South, a Fox Valley Conference powerhouse, until last year. Last year's regional featured Belvidere, Woodstock, Johnsburg and McHenry.

Lewiston said he would favor a three-class system.

Lake Zurich is in a similar predicament, as the Bears have been assigned to regionals from Buffalo Grove to Dundee-Crown to Crystal Lake and Mundelein over the last 10 years. "We could show up anywhere," Lake Zurich Coach Doug Cook said.

Cook said the effects of the ruling could

be more zones or delay tactics.

"You have to play the big boys anyway," North Chicago Coach Walter Williams said.

As we enter into the 1990-91 basketball season, here's hoping for a more successful campaign than a year ago. Teams have been putting in the offenses and defenses and two new coaches, although one is returning to his place behind the bench, as Walter Williams takes over in North Chicago and Ken Johnson is back at Stevenson. Last year, after having three teams make the Sweet Sixteen in three years (Carmel once, Warren twice), only Warren and Antioch won regionals and both were ousted in the first game of sectionals.

SHS hosts hoops clinics

Volunteer coaches are invited to attend a seminar on Sunday, Dec. 9 at Stevenson High School.

The seminar will be held from noon to 2 p.m. in the faculty dining room. Varsity basketball coach Ken Johnson and his staff will present the following topics: organizing a practice, warm up, basic skill drills and individual and team concepts. The fee is \$5 per person.

Beginning at 2:30 p.m. boys and girls in grades kindergarten through eighth are invited to attend a skills clinic in the Sports Center at Stevenson. Drills will include practice on passing, dribbling, shooting and basic team tactics. Each participant is required to bring a basketball to the clinic. The fee for the clinic is \$10.

For additional information, contact Kathy Swan at (708) 634-4000, Ext. 767.

Antioch preparing for NSC's early favorites

Antioch will find out early where it stands in the North Suburban Conference boys basketball race.

The Sequoits face Libertyville, Stevenson and Warren in the first three league games, the three teams who are favorites to contend for the NSC title. The bad news for Coach Jeff Dresser's team is that two of those contests, Nov. 30 against Libertyville and Dec. 7 against Stevenson, are on the road.

Antioch comes into the NSC season with a 1-3

record at the Rockford Harlem tourney. The team started the Thanksgiving tourney on a high note, beating the host school 67-61 but then lost its next three games.

Libertyville is coming off a 2-1 record at the Jacobs tourney, with one win a laugher and another a close down-to-the-wire contest.

Against Harlem, Steve Manderscheid led the way with 24 points and Dan Mead had 16. "What I saw which was most positive was we kept our composure," Dresser said.

With the score tied 59-59, Antioch was slapped with a technical foul with 1:32 left. But it was Antioch who took charge after that, going on an 8-2 run. The Sequoits were helped by making 10-for-12 free throws in the fourth quarter.

Then against Hononegah, the Sequoits trailed 8-0 at the outset but rallied for a 13-13 tie. Antioch went cold in the fourth quarter, making just two of 16 shots as Hononegah pulled away to an 85-66 win. Mead had 18, Keith Walker

had 16 and Manderscheid 11 points.

Antioch then lost a close 61-58 decision to Rockford Auburn. Manderscheid had 16 points, and Rex Ballinger had 10.

Mead and Walker had 15 points in a 54-49 loss to Rockford Guilford. Antioch led by five at halftime and one point after three.

Libertyville had to rally to close the Jacobs tourney on a high note with a 55-54 win over Joliet West.

Guard John Cimaroli proved to be the hero,

scoring to tie the game at 54 then hitting the game-winning free throw.

"I was pleased with our second two ballgames. In the first game, we stood around alot. We did a good job rebounding in the last two games," Libertyville Coach Max Sanders said.

The Wildcats, who battle rival Mundelein Dec. 1, showed they are more than just a one or two weapon rebounding team. Andy and Jon Bauer, Matt Williams and Brian Davis all

contributed rebounding efforts.

The Joliet West contest was a particular challenge for the Wildcats. "We had to make adjustments and draw things on the floor that we had not practiced yet," Sanders said.

Sanders said Williams also shot well from the outside. The Wildcats did not need last-second heroics against Jacobs.

The team led 9-0 at the start and 24-8 by halftime. Williams led the way with 18 points.

Coleman leads Patriots to Thanksgiving feast

Stevenson High School's boys basketball team used a one-two attack of tough defense and too much Chris Coleman to knock off three foes at the Mundelein Thanksgiving tourney.

The Patriots concluded the tournament with a 78-49 shellacking of Lake Zurich. The Pats downed Mundelein 97-47.

Stevenson opens North Suburban Conference play at home Nov. 30 against Niles North before traveling

to North Chicago Dec. 1.

"Our defense. We played aggressive man-to-man in the tournament and rebounding wise we did an adequate job," Coach Ken Johnson said.

Coleman, a junior, scored 26 points in a win over Highland Park and 35 against Mundelein. The turning point in the Mundelein contest came when MHS senior Shawn Harlan came down with the

flu and had to leave the game.

"That took the spirit away from them," Johnson said.

Mundelein's highlight was a 63-53 win over Lake Zurich. The Mustangs open NSC play at Zion-Benton Nov. 30 before hosting

neighbor and rival Libertyville on Dec. 1.

Despite the three losses, Lake Zurich Coach Doug Cook saw some positives.

"Our kids played consistently hard and we tried to do some of the things on offense and

defense that will help us later on. The kids stayed focused and played hard in all four quarters," Cook said.

Senior guard Steve Knipp did suffer a sprained ankle injury and is not expected to be in the lineup when the

Bears travel to Marengo Nov. 30.

Among the highlights for the Bears was Rob Grisamore, who scored 15 points against Stevenson.

Jeff Anderson scored 19 points in a loss to Highland Park.

Few vote

FOX LAKE—With 34 teachers abstaining from voting, a new two-year salary and benefits agreement between the Education Assn. of Fox Lake and the elementary board of education was adopted 3-1 by the faculty. The agreement calls for salary increases of 6 and 5 percent plus a 2 1/2 increase in the step scale for extra credits. A beginning teacher with a bachelor's degree will start at \$18,100. Teachers on the 13th step with a master's degree plus 30 months will make \$40,756. Judy Beyers, teachers' union president, said the abstentions were meant to "send a message" to the board.

Wetlands hearing

WADSWORTH—Wadsworth residents will be able to learn progress made at the Wetlands project on Dec. 12. Donald Hey will present an update to the residents at Wadsworth Village Hall at 7:30 p.m.

Set lighting

NORTH CHICAGO—North Chicago Mayor Bobby Thompson is inviting citizens to join in the Christmas spirit. The annual tree lighting ceremony at North Chicago City Hall, 1850 Lewis Ave., will take place at 6 p.m., on Monday, Dec. 3. Refreshments will be served in the courtroom.

Tax rate protest

LIBERTYVILLE—A 33 percent increase in the tax levy and 24 percent increase in village taxes was approved by the village board this week despite a standing room-only crowd of 70-plus protesting persons with 471 names on petitions. The village tax rate will rise to a record 68 cents per \$100 of assessed valuation from last year's 55 cents, mostly for a \$1.75 million pool in Adler Park. Village officials say tax rates in adjoining Vernon Hills and Mundelein are significantly higher.

Delay new RV law

MUNDELEIN—Objections have forced the village board to reconsider a recreational vehicle ordinance that would, among other things, limit the length to 21 feet and parking in one location to 24 hours. Trustees say the existing 1951 ordinance is outdated and has not been enforced. This is the second attempt in two years to update the law.

Land use wins OK

GURNEE—Gurnee Village Board members has adopted a new land-use plan. The board formally adopted the land use plan Monday, a revision of the 1983 plan. "The village is so well balanced and is economically as strong as it is because we have had a plan. It is no different than any other business," Gurnee Mayor Dick Welton said.

Wilton turnabout

ANTIOCH—In a surprise move, Antioch Mayor Robert Wilton did what seems to be a 360 degree turnabout, and asked the board of trustees to put the official administration of the police department in the hands of the person holding the position of chief of police. After a year of controversy between Wilton and Antioch Police Chief Charles

Miller, during which Wilton tried to oust Miller from his position, Wilton has asked for ordinance changes giving Miller sole power over his department. The board members and Miller asked for more time to consider the proposed changes in three village ordinances giving the police chief: control over personnel reprimands; setting rules and regulations for the department and making the police department the only one enforcing the village laws and ordinances.

One hauler for all

LAKE VILLA—The Village of Lake Villa may join with Lake Villa Twp. in contracting one waste hauler to pick-up general garbage, recyclable materials and possibly yard waste. "We would really save money if there was one hauler for both the (unincorporated part of the) township and the village," Hanson said. The hauler would serve a greater volume and therefore the total cost would be less.

Lindenhurst joins

LINDENHURST—The Lindenhurst Board of Trustees has agreed to allow the

village to join the Solid Waste Agency of Lake County, which involves a \$7,500 membership fee. So far, the village is one of about a dozen communities who have committed to the agency. According to Assistant County Administrator Bill Barron, at least 20 communities in the county need to join before the solid waste plan can be implemented.

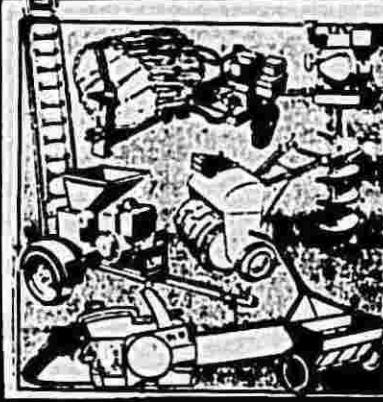

Correct traffic

LAKE ZURICH—The Lake Zurich board of trustees took a step toward correcting a dangerous traffic situation on Rte. 22 by the Northlake shopping center during a Nov. 26 committee meeting. In all, three motions which pertain to Rte. 22 traffic found approval, and will be voted on at the board's regular meeting Monday, Dec. 3. The board moved to place three no-left-turn signs for eastbound traffic at the western-most access point to Northlake (by Dominick's) on Rte. 22. The board also moved to petition the Illinois Department of Transportation (IDOT) to revoke access to Northlake at that western-most drive.

Woman's Club is very busy during Holidays

The Antioch Woman's Club has entered the holiday season with the addition of two new charitable projects to its usual schedule. Earlier this month club members provided the evening meal at the PADS shelter for the homeless which the United Methodist Church hosts once a week. The club plans three more meals during the coming months.

At the November meet-

ing, a basket was passed to collect funds for the purchase of new linens for the housing for homeless veterans now being provided at the Veterans' Hospital in North Chicago. The club continues to provide prizes and refreshments for the bingo games which it hosts there once a month.

On the day after Thanksgiving, Santa's Castle downtown opened. The club

once again began its annual assistance to the Chamber of Commerce on this project. Whenever the castle is open, members will be there to act as Santa's helpers and to take photographs if requested.

Again this year the Antioch club took part in the annual gift wrapping project at the Hawthorne Mall. This activity is for the benefit of the Cancer Society.

HAMMERTOE DEFORMITY

A deformed toe is one of the most common conditions affecting the foot. This condition is often called a hammertoe, mallet toe or an overlapping toe.

A hammertoe is a flexible or rigid contraction of a toe. It is caused by a weakness in the small foot muscles of the foot which stabilize the toe. This muscle imbalance causes the toe bones to assume an abnormal position.

Shoes will often lead to abnormal pressure and friction on the top of the toe, resulting in a painful inflammation, orthotics (inserts in shoes to correct improper walking), removing a section of toe bone to correct the deformity.

If you are suffering from this condition, or have any further

questions, contact Dr. Lee M. Tisa for a **NO COST CONSULTATION** to discuss your treatment options.

Composting solves the leaf problem

by KATIE KUEHNER
Lakeland Newspapers

The season is almost over for figuring out what to do about fallen leaves. Just in case those blessed with trees are still wondering how to take care of them, the Illinois Environmental Protection Agency (IEPA) offers a suggestion.

Composting.

According to the IEPA, constructing a compost heap is a great way to turn leaves and grass clippings into rich humus which can be added to soil as a nutrient to improve soil quality. Adding compost to clay soil will make it manageable for the gardener and helps loosen the soil to allow easier growth of plants.

To begin the compost is easy, according to the IEPA. Dig a hole about

three feet deep and three feet square. This should be large enough to hold a season's worth of clippings and leaves from an average-sized yard.

If the idea of digging a hole does not sound pleasant, a 12-foot piece of fence could be used. Secure three sides and allow the fourth side to open and close as the entrance into the compost heap.

The next step is to begin adding leaves and grass clippings. Sawdust, ashes, hay, straw and weeds can also be added.

When the pile grows to about eight inches thick, add a two-inch layer of manure or commercial fertilizer and a two-inch layer of soil. These components are needed during the decomposition process, according to the IEPA.

As layers of leaves, fertilizer and soil

are added, keep the pile moist. The pile should also be turned occasionally so that it decomposes quickly and completely.

According to the IEPA, reward comes next spring when the gardener is ready to pot flowers and/or plant a garden spot.

The compost pile should provide a nice rich supply of humus to help add to the success of the gardener's green thumb.

The IEPA adds that neighbors will be impressed with the quality of the gardener's potted plants and/or garden.

YWCA seeking nominees

Nominating committee of the YWCA of Lake County is seeking interested and qualified women to serve on the 1991-92 board of directors. The goal of the com-

mittee is to provide social/economic, racial and geographic diversity existing in Lake County. For further information call (703)662-4247.

Drains Run Slow?

You'll never have a slow running, or clogged drain again! The secret? Clean drains don't run slow.

Slow drains, or periodic clogs, are SIGNALS that a thick layer of GOOK is choking your pipes. Grease, hair, and other waste stick to your pipes, with every use. This gook deposits along the entire length of the pipe. It chokes your pipes gradually, as it gets thicker and thicker.

Conventional drain openers can't fix slow drains. They react chemically on the surface of the gook. To be effective,

they must remain in contact with the waste. Even a small tunnel through the gook lets them flow out to the sewer, leaving the gook behind.

In the past, the only way to remove this build-up was to router your pipes. An expensive, temporary measure.

Now, with just a few minutes each month, you can easily clean out your pipes... and KEEP them clean with Plumb Clean. Its totally unique formula clings, and penetrates deep into the gook. That is what allows it to liquefy even years of build-up. Plumb Clean will clean the entire length of your pipes. It will make your drains run like new, when used as directed. This penetrating action is so revolutionary, we stand behind Plumb Clean with a money-back guarantee!

Saves Money. A 1 lb. container of Plumb Clean holds up to 41 drain treatments. Even if drain openers could fix slow drains, it would take over 10 quart bottles to get the same number of treatments. Plumb Clean costs about .35¢ per treatment. We don't know of anything that cleans drains for less.

Safe Too. Conventional drain openers are dangerous chemicals. They can injure eyes on contact. They can release deadly vapors, in some situations. Some may damage your fixtures. Plumb Clean will not burn skin, or eyes. It will not release harmful fumes. When used as directed, it is 100% safe for people, and of course, all plumbing.

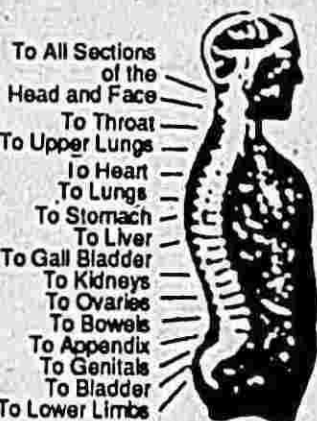

So, if your drains are giving you a SIGNAL, act now. Get safe, guaranteed Plumb Clean today!

Watch for more taxes to pay due to FICA hike

by CHARLES WHITE

One last tax increase which will hit many individuals is in the area of FICA taxes.

The wage base limit was left to increase to \$53,400 in 1991, but the Medicare portion of this tax will now apply to incomes up to \$125,000. This tax is currently 1.45 percent for employees and 2.9 percent for self-employed. So any tax savings which might have been, are probably wiped

out by this increase, particularly with the self-employed group.

The tax planning decisions to be made at year end have now been complicated somewhat. It is no longer a simple question of what to do before Dec. 31 to reduce your tax obligation (as if it ever was a simple question).

You have little chance of success just mapping out your options on a yellow pad or a napkin. If you have questions in this regard, in-

cluding income acceleration/deferral, retirement in 1990 vs. 1991, etc., it is important to see competent

you need for decision making.

The former "so called" top marginal tax bracket

marginal tax bracket of 31 percent, for the same taxpayers, only this time there is no upper limit. The 28 percent bracket now applies for married taxpayers with taxable incomes between \$32,450 and \$78,400. So you can see that these taxpayers with taxable incomes below \$78,400 will pay the same rates, with one exception. The 15 percent bracket has now been extended to a taxable income of \$32,450. The bottom group is actually now better off tax wise. Where the Act really hit

was, of course, those unfortunate individuals with "high" incomes. This is defined for us as taxable income over \$78,400 and for single people as over \$47,050. Since most of the members of Congress would fall into this category (what was the old 33 percent bracket up to \$162,770), they worked out a slight tax decrease for the lower end of the "high" income bracket. This happens due to the move from a 33 percent bracket to a 31 percent bracket.

This Way to Wealth

tax planners who can run various what-if scenarios quickly and efficiently to give you the alternatives

was 33 percent, which existed for married taxpayers in 1990 with taxable income between \$78,400 and \$162,770. This rate has been repealed and replaced with a new "real" top

BB-BS seeks volunteers to meet needs of youth

Big Brothers-Big Sisters of Lake County is in the midst of a two-month long drive for more volunteers.

The present volunteers were saluted at a dinner in Libertyville recently, and were sent to encourage others to do the same. They were armed with these facts:

- There are more than 16,000 children from single parent families in Lake County.

- It is predicted that 59 percent of all children born during the early 1980s can expect to live five or more years with only one parent.

- There are no traditional family support systems for an estimated one-fifth of these children.

- These children are reported to be at five times the risk juvenile delinquency, abuse, and poor school performance than children from a two parent family.

Volunteers need to live and work in Lake County, according to executive director Saralyn Reedy.

"By December, we hope to have 100 more volunteers," Reedy said.

The Gurnee based not-for-profit agency is associated with the national Big Brothers-Big Sisters organization.

"Our best recruitment is by word-of-mouth," Reedy said.

The service has matched 85 adults and youngsters, or "bigs and Littles" as they are called in the group. There are 87 youngsters on a waiting list, 57 needing Big Brothers, 28 needing Big Sisters.

Each volunteer makes a commitment to work with a youngster ages five to 14 years old for three to five hours a week. Volunteer orientation meetings are the first and third Monday of each month.

Big Sisters offers an expansion of its services for pregnant and single-parenting girls. The pregnant single-parenting girl is matched with a carefully screened, trained volunteer who makes a commitment to share three to five hours a week for one year.

Singing the BB-BS tune

Youngsters sing a Big Brothers-Big Sisters rap song at a dinner honoring volunteers in Libertyville. The Gurnee-based not-for-profit agency is seeking volunteers to help more than 80 five-to-14 year old youngsters on a waiting list. For more information, call (708) 360-0770.

Adult challenge — become 4-H leader

Adults who like doing things with young people are encouraged to consider becoming a 4-H volunteer. 4-H provides numerous opportunities for adults to get involved with youth of all ages.

"Whether you have lots of time to spare or only a few hours, 4-H has a place for you," said Gerald Gast, University of Illinois Cooperative Extension Service 4-H/youth specialist. "We look for volunteers who care about young people and are willing to give their time and knowledge to help a young person develop to his or

her greatest potential."

One of the ways young people develop positive self-esteem is by acquiring knowledge to be successful in various subjects. Adults can help 4-H'ers in this area by serving as a 4-H project leader.

A potential volunteer may be concerned that they will be asked questions they cannot answer. There are a number of places to the 4-H leader to turn to help.

The Lake County Extension adviser is available to help with ideas and to give the leader names of other people who may

be of help to them. The leader can talk to other leaders in the county to get their ideas. They can read the 4-H member's publication as well as the leader's guide in their project. They should also attend 4-H leader training meetings in their county and be sure to share ideas with others who attend.

Project leaders will need to remember that each 4-H'er has different abilities and interests as well as learning speeds, learning methods and personalities. The leader will have to experiment to find out what keeps kids interested.

"Action learning experiences help keep young people motivated and interested," said Gas. "First, get them involved in deciding what they would like to do. Success is another motivator. Help the mem-

bers be successful and help them feel good about what they are doing."

There are numerous rewards for the 4-H project leader. They will begin to see personal development in the members they are working with. The leader will plan activities where they will be able to talk with young people and where young people will talk with each other. 4-H'ers will apply what they learn to everyday living. Gaining satisfaction from helping others and developing an increased feeling of self-worth will be another reward for the leader.

To find out more about becoming involved as a 4-H project leader, contact the Lake County Cooperative Extension Service office in Grayslake by calling (708)223-8629.

Learn to become a vet

Do you know any teenagers or adults who are interested in a career in veterinary medicine? Many people mention to us that they know someone, or that they themselves would like to enter the profession. We are planning to host an informational meeting about veterinary education and careers, which would include a film, hospital tour, and

question and answer session. The meeting will be held on Wednesday, Dec. 12 at 7:30 p.m. at the Lake Animal Hospital.

College aid program set

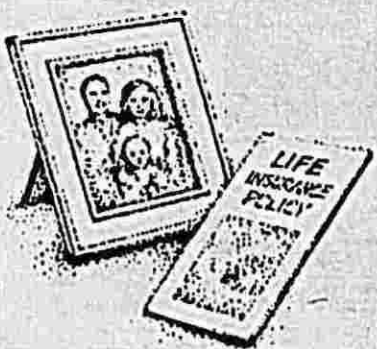

On Thursday, Dec. 6 at 7 p.m., Carmel High School will present an informational session entitled "College Financial Aid Programs." This program will take place in the Brandsma Chapel at the school.

George Emery, director of Financial Aid Services for the Midwest Region of the College Boards, has generously given of his time to come to Carmel to help parents understand the process of applying for college financial aid.

The informational session is for parents only. The meeting is expected to last until 8:30 p.m.

Last year, Carmel's graduating class of 333 students received over \$2.8 million in college scholarships and assistance.

Additional information about this session can be obtained by calling the school at (708)566-3000.

Children expressing thanks to 'Bigs'

Children who benefit from the warmth of the Big Brothers/Big Sisters program are thankful for the joy their "Bigs" have brought to their lives.

Adult volunteers involved with Big Brothers/Big Sisters of Lake County make an impact in a child's life that will last long into adulthood. Hundreds of children from single-parent homes have found the security and friendship of a Big Brother or Big Sister the one constant in their lives that will boost self-esteem and lead to success as they enter adulthood. There are few experiences more rewarding than

knowing you have made a difference in the life of a young person.

In a recent contest conducted by Big Brothers/Big Sisters of Lake County, "Littles" were given the chance to express their appreciation to their "Bigs" by writing an essay on "Why I'm Thankful For My Big." According to Alma, age 16, of Waukegan, my Big Sister "... makes me feel that I'm not alone. That if she can, she will help me on anything." The 3 to 5 hours a week Alma's Big Sister gives to her has made a positive difference in Alma's life.

There are currently 85 children waiting for a Big Brother or Big Sister. These children come from various backgrounds and areas of Lake County. Currently, Big Brothers/Big Sisters of Lake County is conducting "Recruitment Challenge '90" in order to reach potential volunteers and meet the urgent needs of the waiting children.

Nick, age 8, of Buffalo Grove, is not shy in sharing the warmth and caring his Big Brother brings to his life; "He is my pal and buddy; I love him a lot, actually, he loves me too!" Nick, like many chil-

dren from single-parent homes, needed someone to help him through the hard times and share in life's joys. According to Louis, age 8, of Deerfield, the time he spends with his Big Brother "... is the highlight of my weeks."

The need is urgent for these children and the answer is so simple; a unique One-To-One® friendship between a carefully screened and professionally supervised adult volunteer and child. As we enter the season of thankfulness and giving, consider giving a gift of time to a child who needs your love or a gift of money.
